### The Tablets Cured Her! Does Your Case Resemble Hers?

For twenty years I suffered from heart trouble and nervous prostration. I had constant pain in my left side, shoulder, left arm, and could not get my hand up to my head. Often times I was confined to my bed, and not able to do the least work. I had palpitation, faint spells, cold hands and feet, shortness of breath, (often at night had to be propped up in bed to get my breath) and could not sleep on my left side. I could hardly eat anything without it causing great pain and gas in my stomach. There was a great feeling of oppression about my heart which made it impossible to do even the lightest work, and I did not know what it was to get a good night's sleep. I can hardly describe my pitiable condition when beginning to take your Tablets. I had consulted several of our best physicians and taken many kinds of patent medicines without success. I sent for your Tablets and took four boxes. I can truthfully say I now have no symptoms of my former troubles, can eat anything I want, sleep well, do any kind of work and have gained fifteen pounds in weight in three months. It is needless to say that your remedy is the best in the world.
