Evening Mercury.

SATURDAY EVE'G, OCTOBER 12.

RESIGNATION OF MR. ARCHIBALD.—Mr. Archibald's resignation has been accepted, but he continues in the meantime to perform the duties of his office. It is probable that no successor will be appointed until after the meeting of Parliament.

THE PAN MANIA.—The Philadelphia Evening Bulletin is taking exception to the general adoption of the Greek term Pan. There is Pan-slavism in the Slavic countries; Pan-hellenism now being adopted in Greece; Pan-iberia is the dream of the Italian, and Pan-Anglicism expresses the idea of a united English Church. The god Pan in Greek mythology, represented the same idea that is conveyed by our word Nature. The material world was under his control, and the name of the "great Pan" was one of the greatest in their Pantheon. Berlesque of this adaptation of a classic term, the Bulletin says: "This word has now become naturalized in America. They have pan-handles in West Virginia, and it is supposed that the great Panjandrum at Washington, Andrew Johnson, dreams of Pan-Johnsonism in the United States. Who wants to be a Pan-Johnsonite?"

An Absurd Story.
One of the wildest and most nonsensical stories that ever appeared in the columns of the American journals is to the effect that Garibaldi, upon being arrested and taken to the fortress of Alessandria, as a prisoner, immediately demanded protection from the United States Minister, as an American citizen. A correspondent of the New York Tribune, who writes from Italy, and pretends to be a Garibaldian volunteer but is not anything of the kind, "guesses" that he will get it, and says Garibaldi is determined henceforward to remain an Italian and an American at the same time, but will not on any account consent to be a subject of Victor Emmanuel's. It is a pity that the American press thus insults a man who, however imprudent he may have shown himself, is a thorough patriot, and is one of the last men in the world who would be likely to renounce his country and claim protection as a foreigner.

Equally true and equally idiotic is the story that the people of Greece, tired of the monarchical system of government, have determined to dethrone their present King and not only claim protection of the United States, but also beg to be received into the Union as a State! The modern Greeks are not a brilliant race, but they are not quite so insane as their American friends would make them out to be. It is only surprising that such foolish stories can be swallowed by such a clever "wide-awake" people as the Americans always show themselves to be, when their judgment is not warped and distorted by vanity and egotism.—Hamilton Spectator.

Bold Robbery in Fergus.
On Friday evening last one of the boldest robberies we ever heard of was committed in this village. The following are the circumstances. Mr. White of Arthur while driving home from Guelph, where he had gone to meet his wife who had just arrived from England, stopped about eight o'clock at Griev's hotel opposite the office for tea. The wagon, in which besides other articles, were two small chests, was left standing at the hotel door. While there one of the chests—a black one—containing a considerable sum of money, valuable jewelry, &c., was carried off, the ropes with which it was tied to the wagon having been cut. The evening was dark and rainy and rather favorable for the operations of the thief. No unusual noise was heard, and as the wagon was frequently examined by Mr. White's man and by Mr. Grieve, the thief must have been done with a great deal of adroitness and speed, and by some one who knew what the chest contained. It is supposed that some rascal must have overheard Mr. or Mrs. White mentioning what was in the chest, and followed them seeking an opportunity of stealing the property. A reward of \$20 has been offered for the recovery of the chest and apprehension of the thief, but as yet not the least clue has been obtained as to the whereabouts of the stolen goods.—News Record.

Stock Raising on the Increase.
The Trade Review has the following:—A drive out into any township of the western part of Ontario will convince anybody who keeps an eye on the barn yards he passes that stock-raising is rapidly increasing. A few years ago, when cattle commanded but poor prices, the farmers seemed quite careless about rearing their young stock, and calves were slaughtered in all directions. Of late years we have had a large demand for cattle, both fat and lean, from the United States. So great was this demand, just before the Reciprocity Treaty terminated, that Ontario became almost denuded of certain classes of cattle, the high prices offered by drovers causing many persons to sell animals which it would have been rather better for them to have retained. The effect of these large sales and good prices has been to give an impetus to stock raising, which the large number of young cattle now to be seen on the meadows fully attests.

ENGLISH MAGAZINES.

Good Words, Sunday Magazine London Society, Cornhill, Leisure Hour, &c., for October, has been received at Day's Bookstore, opposite the Market, Guelph.

NOTICE.—The Guelph Township Council will meet on Monday next at 2 o'clock p. m. and not at 9 a. m., as usual.

The Milton Champion says, that the Quarter Sessions for the County of Halton stand adjourned till the 22nd inst., as no judge has yet been appointed.

THE NICHOL BY-LAW.—The Railway By-law read accordingly. Moved by Mr. B. H. Kean, seconded by Mr. Ramsey, that the clerk notify him to attend said meeting.—Carried. Moved by Mr. Ramsey, seconded by Mr. B. H. Kean, That the sum of \$10 be granted to Nicholas Norris, to be expended in support of Henry Davidson and family.—Carried. Moved by Mr. Elliott, seconded by Mr. Ramsey, That the By-law making provision for the repairs of Roads and Bridges for the current year, be read a second time.—Carried.

CONCERN.—Mr. C. Ferguson the well known blind-performer on the Irish Union Harmonic Pipes will give one of his celebrated concerts at the Town Hall, on Wednesday evening Oct. 16th.

IMMIGRANTS.—A large number of immigrants, principally Englishmen, arrived in Toronto on Friday by the Grand Trunk railway from Quebec. They propose remaining in and about Toronto, if they can procure suitable employment.

FOR THE ASYLUM.—This morning a girl of 19 years of age, named Mary Brown, who formerly lived at Mount Forest, but who has for the last seven weeks been an inmate of the gaol, was taken to the asylum. The cause of her malady cannot be assigned, and doubts exist as to whether she is curable.

BROADWAY.—The new Magazine edited by Edwin Routledge, Esq., and the cheapest magazine of the day. It includes amongst its stated contributors the most popular American and English writers. It is beautifully illustrated with wood engravings. The second number now before us is very attractive. Copies may be had at Day's bookstore, opposite the market. Price 25cts.

CONGREGATIONAL SOCIETY.—The annual tea-meeting of the Congregational Church will be held on Tuesday evening the 15th inst., in the Town Hall. These annual reunions have always been largely attended, and the proceedings of a most interesting character, and we doubt not the one to come off on Tuesday night will be of the same character. See advertisement.

TRACES OF THE THIEF.—It has been ascertained that the thief who stole \$600 from Mr. Copp of this office bent his steps in an easterly direction. The person who gives the information was acquainted with him, and met him on the railway track about a mile below Guelph, opposite R. W. J. Spicer Gen. Supt. Jas. Stevenson, his assistant, and Eaton besides some other gentlemen. We noticed some time ago that they were out on an inspecting tour, and were passing over the G. T. R. as well as some of the railroads in the States. They have got thus far on their return. The train left them at the Freight Station, and came down to the Passenger Station, whither the gentlemen followed on foot. The bridges' stations houses, and the track are made subjects of rigid inspection.

INSPECTING THE RAILROADS.—Shortly after noon yesterday a special train came east having on board Messrs. C. J. Brydges, Managing Director of the G. T. R. W. J. Spicer Gen. Supt. Jas. Stevenson, his assistant, and Eaton besides some other gentlemen. We noticed some time ago that they were out on an inspecting tour, and were passing over the G. T. R. as well as some of the railroads in the States. They have got thus far on their return. The train left them at the Freight Station, and came down to the Passenger Station, whither the gentlemen followed on foot. The bridges' stations houses, and the track are made subjects of rigid inspection.

AN UNTRUE REPORT.—It has been rumored that the London volunteers have been served with the new Snider Rifle, and that they are busily engaged in practice with the weapon. Were this true, it would show very unfair dealing, as the Snider Rifle is to be used at the approaching District Shooting Match. But it is not correct, for there has not yet been one of the rifles issued, nor will there be, until they can be issued simultaneously, and all the Battalions supplied with them at the same time. This is on the best authority.

CHILD DESERTION.—On the morning of Tuesday last, about daylight, a daughter of the widow O'Connor, who resides on the Guelph road, a short distance below Hirst's Hotel, in the township of Pilkington, was surprised, on going to the door, to find the dog endeavoring to tear something which was in a basket. On examination a fine male child, six weeks old, well clothed, and fast asleep, was discovered. There were plenty of good clothes in the basket. The humane girl took the child into the house, and acquainted the Reeve of the circumstance. The little stranger has what is known as a double hair lip, and is a healthy young 'un.—Elton Observer.

FORGERY AND BANKRUPTCY.—The Cobourg World records the failure and crime of one of the foremost merchants of that town, a Mr. Pidgeon, of the firm of Pidgeon & Co. King st. He went to Montreal lately to purchase goods, and it became known in his absence that he had forged the name of the endorser of one of his notes. Investigations showed that his forgeries amounted to six thousand dollars, and on Thursday night of last week he took his departure by one of the lake schooners, and crossed to the common refuge of such as he.

Galt has reorganized his Literary Society, and the first debate of the season took place on Wednesday evening last, the subject being "Should the sexes be educated together in our schools?" We are not told whether the *pro* or *con* carried the night.

Nassagaweya Council.

The Municipal Council met pursuant to adjournment on Monday, the 7th inst., at the hour of 10 o'clock, a.m. Members all present. The Reeve in the chair. Reed and John Williams be appointed Commissioners to expend the sum of \$50, on Lot 29, in the 5th Concession, and that Wm Hood be a Commissioner to expend the sum of \$5, on the cross roads between Lots 25 and 26.—Carried. Campbell junr., be instructed to get a culvert built across the road adjoining his property on Lot 26, in the 5th Concession, and notify the pathmasters of the amount to be deducted from the Statute Labor of next year.—Carried. On motion the Council adjourned for one hour. Council resumed. The Reeve in the chair. Moved by Mr. Elliott, seconded by Mr. B. H. Kean, That the County Treasurer be instructed to accept the sum of \$40 from G. C. McKindsay, Esq., in full payment of taxes against Lot No. 11, in the 6th Concession of this township, up to the year 1865, inclusive.—Carried. By-law read accordingly. Moved by Mr. B. H. Kean, seconded by Mr. Ramsey, That the following sums for damages to sheep be paid to the unmentioned parties, which have been duly certified, viz: To Duncan Taylor, \$13.75; Donald McGregor, \$7.37; Malcolm McPherson, \$2.10; Duncan McKeacher, \$9.50; Dugald McAlpin, \$5.50; Wm. Ramshaw, Jr. \$12.50; Robert Laing, \$5.50.—Carried. Moved by Mr. Ramsey, seconded by Mr. B. H. Kean, That the claim of Alex. McLaren, for sheep killed by dogs, lie over till next meeting of Council, and that the clerk notify him to attend said meeting.—Carried. Moved by Mr. Ramsey, seconded by Mr. B. H. Kean, That the sum of \$10 be granted to Nicholas Norris, to be expended in support of Henry Davidson and family.—Carried. Moved by Mr. Elliott, seconded by Mr. Ramsey, That the By-law making provision for the repairs of Roads and Bridges for the current year, be read a second time.—Carried. Council in committee. Mr. J. Kean in the chair. By-law reported and adopted on the second reading. Council resumed. The Reeve in the chair. Moved by Mr. Elliott, seconded by Mr. J. Kean, That the By-law just read, providing for the improvement of roads and bridges, be read a third time and passed.—Carried. By-law was then read the third time and finally passed. Moved by Mr. Ramsey, seconded by Mr. Elliott, That the sum of \$10 be granted to W. Buck for the support of Wm. Masters an indigent person.—Carried. Moved by Mr. Ramsey, seconded by Mr. B. H. Kean, That the sum of \$15 be granted to B. to be expended between the 1st and 2nd Con. Lot. No. 24, under the superintendence of the Reeve.—Carried. Moved by Mr. J. Kean, seconded by Mr. B. H. Kean, That the Township Clerk be instructed to prepare the Minutes and By-laws of this Council, and send them to the printer in order that they may be printed immediately after the next meeting of Council.—Carried. Moved by Mr. Ramsey, seconded by Mr. Elliott, That the collector be instructed to take silver at 3 per cent discount, in payment of all taxes due for the current year.—Carried. Moved by Mr. Ramsey, seconded by Mr. J. Kean, That having received the report of the Commissioners, appointed to examine the Township Line, adjacent the first concession of this township, find that it is impracticable to open the road on the proposed allowance between this Township and Puslinch.—Carried. On motion the Council adjourned to meet on the first Monday in December next, at the hour of 10 o'clock, a.m. J. EASTERBROOK, T. C.

Police Court.

Before T. W. Saunders, Esq., Police Magistrate.

SATURDAY, 12th.—Edward Stouitz was charged with having stolen a pair of boots. The case was remanded until Tuesday next.

Walter Hill was charged by his faithful and affectionate spouse, Susannah, with the unbecoming conduct of having beaten and abused her. If it were not that Police business is somewhat dull in Town, Mrs. Hill would require a magistrate and a court for her special accommodation. The ungalant Walter was condemned to saw wood, and to do other "chores" about the gaol for the term of one calendar month, and all this because misfortune had deprived him of the power to make the corporation richer by \$10 and costs.

Thomas Woods was brought up by his wife in order that he might be bound to keep the peace. Thomas is still clad in his summer apparel, and came out of the lock-up shivering, and evidently in a better humor for drinking than fighting. The bridge of his hooked nose was peeled like an onion, and his eyes, and the space between them as far as the cheek bones, were fancifully painted blue and red. Thomas had been in a squabble, sure. His Worship said, "You are charged with threatening the lives of your wife and family; are you prepared to find sureties to keep the peace?" "Troth, I am not, sir, but if I was outside I could."

Mrs Wood went on to make known the full extent of her grievance. He had threatened to "knock out her brains wid the taylor," and borrow a gun to shoot his son William, who it is to be presumed was proof against injuries from crockery. Mr. Woods was ordered to go and fetch his sureties, or he would be imprisoned most unreluctantly.

The Galt Reporter says.—The Fall Trade is now fairly opened on our Railway, and special trains are already required to move the large deliveries. The high prices prevailing are having the effect of causing the bringing of produce to market much earlier this season than usual; and we think there is a general disposition shown among farmers to realize as early as possible rather than wait for a season of further advance.

FENIAN EXCITEMENT IN ENGLAND.

Iron-clads sent to the Irish Coast

(MIDNIGHT DESPATCHES.)

LONDON, Oct. 11.—Reports from Paris say that Napoleon complains of the delay of the Austrian government in completing the military reorganization for the Empire.

PARIS, Oct. 11.—Arrangements have at length been completed for a meeting between the Emperor Napoleon and the King of Prussia at an early day, and the city of Baden has been fixed upon as the place where the interview is to take place.

The *Presse* says that the Pope, while confident of the ability of his forces to successfully resist the straggling parties of invaders, greatly fears that the Italian government will yield to the popular outcry and order its troops, now concentrated upon the Papal frontiers, to march upon Rome and occupy the city.

LONDON, Oct. 11.—Three iron-clads have been despatched from Woolwich to the Irish coast.

Intelligence has been received from China that the rebels are meeting with success and seriously threaten the city of Peking.

PARIS, Oct. 11.—The *Etendard*, in its issue to-day, publishes a letter which it declares to be genuine, addressed by the Emperor to the Marquis de Lavallette, his Minister of the Interior, and written in Aug. 1866. In this letter the Emperor explicitly denies that he had any desire to interfere with or profit by the reconstruction of Germany.

Florence, Oct. 11.—The insurgents and invading parties in the Province of Viterbo have concentrated at Forzen, where they have thrown up entrenchments. Many other places in the Roman territory have also been occupied by the Garibaldians. Several detachments of Pontifical troops have been sent out to dislodge them, and the garrison within the walls of Rome is at present very small. A strong Papal force has left Rome to prevent the junction of Menotti Garibaldi and the men under his command with the insurgents at Forzen. The plan of the Garibaldian leaders seems to be to draw the soldiers of the Pope away from Rome, and then give their friends in that city a chance to rise.
