

Town and County News

ADDITIONAL PRIZES.—Among the additional prizes awarded to exhibitors at the Provincial Exhibition is one for woollen shawls, stockings, etc., taken by Armstrong, McCrae & Co. of this town.

THIS EVENING.—Remember the social in the Baptist Church this evening, at half-past seven; also the social meeting in Knox Church at the same hour. The Board of Education meets this evening.

THE BRADFORD HOUSE.—Attention is directed to the price list of Mr. George Jeffrey's goods in our paper to-day. We may also mention that his Millinery and Mantle Show Room will open on Thursday first.

BASE BALL.—A team from the boys' department of the Guelph High School, defeated the Lightfooters of Paisley Block, in a friendly game of base ball on Saturday last. The game was played on the ground of the Lightfooters, and resulted in a victory for their visitors by a score of 24 to 17.

Gnr's cartoon of Saturday is a cut at the recent Liberal Conservative Convention, and dealing as it does with a most ludicrous subject, it may easily be imagined that the cartoon is ludicrous enough. See it at Day's and Anderson's.

MANITOBA PENITENTIARY.—A recent number of the *Manitoba Free Press* states that Messrs. Morrison & Barclay, the contractors for the Penitentiary in that Province, have now in their employ about sixty men. It also adds that it is really pleasant to the visitor to notice the excellent feeling that exists between employers and employees.

OFF TO THE WESTERN FAIR.—Mr. F. W. Stone has sent to the Western Fair, to be held at London this week, twelve head of cattle—Herefords—and a number of sheep, besides several imported sheep which have just arrived from Britain, and which were carried through on the morning train to-day.

ST. ANDREW'S CHURCH.—Those who attended St Andrew's Church last night were highly gratified by the exquisite singing of Jeanie Watson, Mr. Hardy, and Mr. T. H. Taylor, who formed part of the choir, and whose rendition of the simple, solemn music used in the Presbyterian Church was highly appreciated.

SATURDAY'S GAME.—The Hardbatters of Oakville sustained a very severe defeat at the hands of the Champions on Saturday. Notwithstanding their name, the game resulted in a score which showed that they will have to bat harder than they do if they want to cope with the Maple Leafs. At the close the score stood, Maple Leaf, 19; Hardbatters 1.

THE CHURCHES YESTERDAY.—Knox Church pulpit was occupied on Sunday forenoon by Rev. J. E. Laneely, of the W. M. Church, who preached with much acceptance to a good congregation. In the evening a large audience assembled to hear Rev. J. K. Smith, of Halifax, who delivered an eloquent and earnest appeal from the text "Stand fast, therefore, in the liberty wherewith Christ hath made us free." After the morning service in the Baptist Church yesterday, the congregation assembled at the river, where the ordinance of baptism was administered.

CONCERT TO-MORROW EVENING.—In the Town Hall to-morrow (Tuesday) evening, the Sons of Temperance will give a grand concert, which promises to be in every respect a success. The Committee who have had the matter in hand seem to have spared no pains or expense to obtain the best talent available, and among those who will take part are several from a distance, as well as the local favorites, Vale's orchestra has been engaged for the occasion, and besides the well-known vocalists, Mr. Nutland and Miss Gerrie, of Guelph, Mrs. Cuthbert, of Toronto, formerly of Guelph, will be present. Mr. Webbing, serio-comic vocalist, of Brantford, and Miss Nolan, of the same place, will also appear.

THE NEW GASOMETER.—About sixteen men are at work on the new gasometer, which has now been excavated to a depth of about twelve feet. The rain which fell on Sunday, as well as the water which flowed in from the rocks, filled the bed of the excavation to the depth of over feet. The system of pumping which has up to this time been used for draining was inadequate for this sudden rise, and the town fire engine was called into requisition. The hose having been placed by the side of the excavation and along Surrey street, the steamer commenced operations about ten o'clock, and in the course of about two hours had carried the water off. The mode of pumping after the old fashion requires the labor of from two to four men continually, and is very tedious. The plan of running the water off through hose with one end placed in the water and the other on the same level at a distance has not been tried, probably because of the difficulty in finding a convenient outlet.

MALICIOUS CONDUCT.—On Sunday night a dastardly outrage was committed at the marble works of Mr. A. Kennedy, near the Eramosa bridge. Some iconoclastic miscreant—or maybe, a company of them—covered three of the finished tombstones on the platform in front of the above works with tobacco juice to such an extent that they are now perfectly useless. The stones being of a porous nature, the liquid made its way so deep that every effort to remove the disgusting blemishes has totally failed. One of the most aggravating features of the affair is that the deed was, from all appearances, the outcome of deep-seated malice. Had the injury been caused by the accidental expectorations of parties sitting on the platform, the juice would not have been so carefully deposited at the top of each stone, so that it might cover the whole surface. One of the spoiled tombstones took a prize at the Central Exhibition, and had only been placed outside on the Saturday last. The total loss will be over \$100, and under the aggravating circumstances, Mr. Kennedy offers a large reward in order that the guilty parties may be made to suffer. It is but a short time since we chronicled a somewhat similar outrage at the marble works of Beam & Kennedy, and it is to be hoped that the guilty parties in this case will be brought to justice.

A NUMBER OF VALUABLE FARMS NEAR GUELPH.

PROTECT YOUR BUILDINGS

Which may be done at one-fourth the usual Expense, by Using

Glines' Patent

SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is Used in this Composition, therefore, it does not effect the water from the roof, if turned off from the eaves before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.
