

RELIABILITY

When You Catch Cold

Commence treatment at once. Just as soon as you know you've "caught cold"—at the very first sneeze—take

Gilmours' Cold Cure

and it will head off the cold in almost every case, saving you much distress. If not taken in time to prevent, it will at least break up and cure the cold in the shortest possible time.

25 cents a box.

BASEBALL MEETING HELD THURSDAY

Officers will be Elected and Other Work Done

A general meeting of the Calgary baseball club will be held Thursday evening at 8.30 in the dining room of the Alberta club. Important business will be transacted at this meeting, in electing officers and other work for the coming season.

This meeting is called for all those interested in baseball to attend, so that they may have a voice in the doings of the Calgary baseball club for the season of 1907.

The Operators Defeated

By Office Staff

The general offices beat the C.P.R. telegraph operators by 5 to 1 last evening in their scheduled game in connection with the C.P.R. league.

Throughout the game good hockey was witnessed and at times was very fast hockey. The operators could not get together like the offices, therefore their combination was not nearly as good.

Next week the Rovers and general offices will come together.

Three Games in Brewery Contest

Only three games were played last night at the Alberta curling rink in the Brewery competition, which resulted as follows:

Bryan, 10; Stubbings, 9.

Fletcher, 16; Lee, 12

Broddy, 12; Parker, 8

The games this evening are between the following rinks:

Adams vs. McKelvie.

Tarrant vs. Fletcher.

Smith vs. Parker.

Freeze vs. Irwin.

The hockey game between Red Deer and Calgary city which was down to be played last evening did not come off because Red Deer was unable to catch the train.

It is possible that the Red Deer team may turn up this evening, though Friday night would suit the local club better.

Kenora, Jan. 7.—Brandon and the local seniors, challengers for the Stanley Cup, met here tonight in the M.H.A. series, and the visitors were put under by a score of 9-3.

The locals set a great pace in the last half. With the score 2 to 1 against them they ran in eight goals in rapid succession. They showed old time form and combination.

LABOR FAMINE IN SOUTHERN STATES

Cotton Planters Cannot get Men to do the Work

Jackson, Miss., Jan. 8.—Railroad contractors, lumber manufacturers, and all large employers of labor are still crying for more help and wages are being offered that were not dreamt of a few years ago.

Notwithstanding the fact that cotton planters in the swamp are offering exceptional inducements to negro tenants, the usual migration to the Delta has started. A few days ago the laborers of one of the lumber mills on the Ship Island road struck for higher pay, the daily wage of the common laborer being \$2.25 and the manager knowing the great scarcity of laborers in the district promptly advanced the wages to \$2.50 when work was resumed. Though the Mississippi Immigration League is doing all in its power to deal with the situation, it is thought there can be no relief for ten months at least.

EDMONTON MAN MADE UP STORY

Said he was Sand Bagged When as matter of fact he wasn't

Edmonton, Jan. 8.—This sensational statement was made yesterday afternoon by Charlie O'Connor, the man who was supposed to have been robbed at his very door on Saturday afternoon.

The story was published yesterday that O'Connor had been sandbagged at his store on Jasper avenue extension, and had been robbed of a ward containing \$200. That this story is false, and was concocted by himself to cover his own sins, is proved by a sworn statement, made by the confession he made to the police.

According to the confession he made yesterday, O'Connor had been using some funds belonging to his senior partner, Mr. Milne. He had been drinking, and had spent considerable. To hide this from Milne, he invented the story which appeared yesterday in the Albertan. He even went so far as to ask another man to swear to the story.

The police did not get wise to the deception until yesterday, when Chief Evans, turning over the story given suspicious at some of the points which appeared rather peculiar, and improbable. For instance, O'Connor said he had been hit upon the left side of the head, while the coal box he claimed the thief was hiding in, was on his right hand as he entered the door of his store.

O'Connor was arrested by the police and brought to the station, and was released upon making a sworn statement before Magistrate Wade.

Control from a New Quarter

New York, Jan. 8.—That control of the Mercantile bank of this city has passed from Edwin Gould to F. A. Heinz, E. R. Thomas and C. W. Morse, was shown today at the election of new directors of that bank. Gould, Frederick B. Shenck, E. T. Jeffers and 16 other directors were not re-elected. The number of directors was reduced from 31 to 19. F. A. Heinz and A. P. Heinz were among the new directors elected. President Shenck resigned his office.

IRISHMEN WANT TO GROW TOBACCO

An Absurd Old Regulation Prevents Them from Doing So

London, Jan. 8.—Mr. William Redmond, M.P., today presented to the prime minister a huge petition demanding the repeal of the law prohibiting tobacco growing in Ireland. It is signed by every member of parliament in Ireland of every shade of politics and never before has there been such unanimity among the Irish members. The petition summarizes the situation as far as tobacco growing is concerned. It claims that the Irish are merely asking for a privilege which was theirs until deprived by a statute as late as the reign of George III, when the growing of tobacco in the country was a prosperous and progressive industry. Success had been achieved and further development assured when a demand arose in England for its suppression and then the industry was suppressed without the slightest consideration of the injury inflicted on the Irish. The petition winds up with a repeal of the unjust prohibition and points out that the people of Ireland are of one mind on the subject. The prime minister promised to give the matter his attention, and it is probable that the matter will be mentioned in the House of Commons in a few days.

Hughes the Likely Man

(Continued From Page 1)

Other things being equal, President Roosevelt probably would have chosen Mr. Root as his successor, but he long ago recognized that public opinion did not seem to take kindly with the idea of the secretary of state as presidential candidate. This leaves New York practically with only one stick of presidential timber, and that of course is still in the rough.

There is but little chance of the candidate coming out of New England.

Simmered down, Hughes is the one possible eastern candidate. If he makes good as governor during the next year, it will be difficult to get the city, Cabin D. Wright, in the course of his address of welcome congratulated them on the interest they were taking in the work. After an able address by Governor Harris, on the existing laws of the state and their defects the entire association with the mayor and governor was made public today. The National Cash Registry factory for luncheon, after which the factory stereopticon lecture was given and the factory inspected by the association.

Tomorrow the Attorney General the Hon. Wade H. Ellis, will deliver an address on "Taxation" and the Hon. W. G. Fitzell will speak on the Salary Law and County Commissioners, and at the afternoon session, Judge U. S. Martin will deliver an address. At the closing session, the Hon. S. Houston, Highway Commissioner, G. A. McKay, President of the Ohio Association of Surveyors and Civil Engineers and others will speak and the President, Mr. C. Haines, of Dayton, will announce the arrangements to be made for the ensuing year.

Ballots are Now Missing

(Continued from page 1)

to be made today at such storage places throughout Greater New York as were known to his representatives.

After some delay but no great difficulties, the greater number of the boxes were found, were newly sealed and were placed under guard by officers representing the attorney general. It was toward night that a hitch developed in Manhattan, and the deputies assigned to the work reported that many boxes stored in that borough could not be found.

Later, Commissioner Dooling was found at the office of Corporation Counsel Ellison and was formally served with the order of Justice Hendricks commanding those in custody of the ballot boxes to deliver them to the attorney general. Mr. Jackson says that the commissioner refused to obey the court order, but that it will have to be respected.

Attorney General Jackson said to night: "I took possession of the ballot boxes containing the ballots voted at the last mayoralty election and had them specially sealed because I want them as evidence in the quo warranto and also in criminal proceedings for violations of the election laws. Those who had them

HERDS OF ANTELOPE IN COLORADO

The Extended Closed Season Having Good Results

Colorado Springs, Jan. 8.—A movement is on foot among sportsmen in this state to ask the legislature for an annual open season for antelope, so numerous are they becoming. Owing to the law allowing an open season of only ten days antelopes have been so well protected that vast herds of them are now roaming all over the state. The great increase is due to the favorable conditions existing in the cactus covered plains in the eastern part of the state where the young are safe from the depredations of prairie wolves and coyotes, who will not penetrate the cactus. Quite recently in the vicinity of Wray, Akron, and Fort Morgan, herds of from thirty to fifty have been seen and it is no uncommon sight to see them racing along the railroad track for miles.

They have also increased in the south, middle and north parks, though they frequent the prairies more than the mountains.

WINNIPEG HAD A BUSY YEAR

The City Engineer's Department Spent \$2,554,000

Winnipeg, Jan. 8.—The statement of expenditures by months for 1906 by the city engineer's department for wages of men and materials to carry on local improvements and other work was made public today. The total amount expended in the year was \$2,664,123.10, showing an increase of \$521,139.26 over the total for 1905 and \$1,294,791.25 over the total for 1904.

Discussion of Ohio Constitution

Dayton, O., Jan. 8.—At the 26th annual convention of the State Association of County Commissioners today some matters of great importance to the state were discussed. After the vote of members had been called, it was found that there was a full attendance and the mayor and governor were made public today. The National Cash Registry factory for luncheon, after which the factory stereopticon lecture was given and the factory inspected by the association.

Tomorrow the Attorney General the Hon. Wade H. Ellis, will deliver an address on "Taxation" and the Hon. W. G. Fitzell will speak on the Salary Law and County Commissioners, and at the afternoon session, Judge U. S. Martin will deliver an address. At the closing session, the Hon. S. Houston, Highway Commissioner, G. A. McKay, President of the Ohio Association of Surveyors and Civil Engineers and others will speak and the President, Mr. C. Haines, of Dayton, will announce the arrangements to be made for the ensuing year.
