

"CRUSHED"

(Not Ground)

The New Process

By our new crushing process, RED ROSE COFFEE is broken into uniform small grains and freed from bitter chaff and dust. Thus it brews readily and gives the true rich flavor of fine coffee, and without any "settling"—it pours out bright, clear, a coffee to delight the epicure. Being packed fresh-roasted in sealed tins, its quality is retained until it reaches you. Coffee at its very best is

FLOOD SCENE IN MIAMI VALLEY

Canada's Splendid Progress

OTTAWA, April 1.—The Evening Citizen says: Canada's fiscal year, which ends tonight, has easily exceeded all records of the country's material prosperity. Abounding revenues, expanding trade, and a general commercial development are noted despite the stringency in the money market the past few months.

The complete figures will not be made up for a week or so, but sufficient is known to establish that the trade will aggregate a billion dollars. Imports for domestic consumption will probably attain the total of \$650,000,000 while exports of the domestic produce will be around \$350,000,000.

The total of governmental expenditures will be in the vicinity of \$154,000,000, while the trade increase is about 20 per cent. In domestic exports increases will be noted in practically every line save animals and their products, and fish. In other items the figures are about stationary.

In view of the showing of the year Hon. W. T. White will have an exceedingly favorable statement to make when he delivers the speech in the budget. The date of this will depend on the passage of the West Indian trade agreement as certain tariff adjustments are necessitated by that agreement. When the latter will be put through depends correspondingly upon the passage of the naval bill, unless this trade arrangement is temporarily given preference.

Every department of the federal revenues will show an increase around 30 per cent, and the general showing for the year is one upon which the country may well congratulate itself.

Marriage, Death, or an Immoral Life Only Avenues of Escape from the Sweat Shops

Chicago, April 1.—Marriage, death or an immoral life are the only avenues of escape for girls from the toll of the "sweat shops," according to the testimony of witnesses before the Illinois vice commission, which resumed its inquiry today. Lieutenant Governor O'Hara, chairman of the commission, devoted much time to examining girls and women from the west side "sweat shops," where wages range from \$2.50 to \$5.00 a week. Lieutenant Governor O'Hara agreed with Senator Judd to give one dollar each to "sweat shop" witnesses, because it was believed they would be "docked" by the employers for the time spent before the commission. The moral obligation of the employers to make certain that their employees are properly clothed and adequately nourished was emphasized throughout the session. Sergeant-at-Arms T. B. Scouten and M. B. Coan, investigator for the commission, today seized the books of Rosewald and Wall clothing manufacturers, who failed to respond to subpoenas to appear before the commission.

DELAWARE, INDIANA.—The first place to feel the awful effects of the deluge and tell it to the world.

WOMAN DROPS MONEY IN GAME OF CARDS

Affair Winds Up in Police Court But Magistrate Refuses to Interfere

Ernest J. Storey, a colored gentleman, is evidently no respecter of persons when it comes to a card game in which there is a little loose change at stake. Or so it appears, according to the story which was related yesterday morning before Magistrate Sanderson. The evidence introduced was to the effect that Storey and a friend of his engaged in a game of cards in a rooming house kept by J. H. Bagbey, and when the game finally broke up Storey's fair companion was indebted to him to the amount of \$800, of which she could only produce one-tenth of the sum in real money. As security for the remaining \$720 she placed in Storey's possession her jewelry, whereupon said trustee immediately hastened to a pawnbroker's office to convert the ornaments into Canadian currency. When the lady learned where her jewelry reposed she made all haste possible to the loan merchant, but arrived there only to discover that the jewelry had been confiscated as evidence against Storey and Bagbey, who were charged with vagrancy. Clifford T. Jones appeared for the defendant, Bagbey and Storey, on the vagrancy charge, and they were discharged because of lack of evidence. Magistrate Sanderson ordered the jewelry returned to the pawnbroker, and the gamblers were allowed to settle the dispute as they saw fit.

Belgrade Needs Medical Men
Berlin, April 1.—In response to an appeal for medical and surgical aid for the sick and wounded at Belgrade made to the United States embassy in Berlin by J. E. Jackson, American minister to Serbia, Dr. Edward A. Newton, of Pennsylvania, has formed a column composed of seven American doctors and students, which will leave here tonight for Belgrade.

Doukhobors Trek for the Coast
Saskatoon, Sask., April 1.—A trainload of Doukhobors, outward bound on the exodus from Saskatchewan to British Columbia, passed through here today. There were 600 Doukhobors and their families on board. This is the third consignment; two trainloads, numbering 1,500, having left last fall. They hail from Verigin, Sask., and are bound for Castlegar and Kamloops, where their compatriots have established a fruit farm.

To Establish Relief Stations
Washington, April 1.—The war department officials decided today to establish at once near St. Louis a floating base of supplies, from which relief may be extended with the least possible delay to any flooded community along the lower Ohio and Mississippi. The base will consist of a number of vessels loaded with food, clothing and medical supplies.

BETTER THAN SPANKING
Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. H, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Albertan. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House; write to them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

TWELVE MILLIONS TO BE SPENT ON HALIFAX TERMINALS

Ottawa, April 1.—Premier Borden tonight outlined to the house the great terminal facilities planned for Halifax which completed will cost \$12,000,000. The government intends to build five miles of double track railway from the present I. C. R. main line at Three Mile House, to skirt the northwest arm

arriving at a large site on the peninsula where a union depot will be erected with freight sheds, immigration offices, and a system of piers sufficient to berth thirty-two of the largest liners at one time. The first unit will be a bulkhead pier, two thousand feet long, capable of accommodating three of the largest vessels. Mr. Borden said he was assured by the engineers that the "lay-out" at the site selected would be the best on the continent and that the great work would be comparatively inexpensive compared with any other plan.

Reorganization of C. P. R. Police
Winnipeg, Man., April 1.—Announcement is made today of the thorough reorganization of the police department of the Canadian Pacific railway. The department of investigation has taken over the special service department, and Major A. McLeod, Vancouver, is appointed chief of the offices here under Chief R. G. Chamberlain. Mr. McLeod's title will be assistant chief of the department of investigation. Mr. McLeod is an old timer in the West, having come here in 1878.
