Mr. Walsh, of the shoe factory staff, has returned from Toronto, bringing with him five extra cutters to assist the company to get out the extra amount of work for the holiday trade.

Owing to the limited number of purchasers, and the small bids, Mr. Stills timber sale at Mount Salem was stopped. Messrs. G. H. Caughell and Chas. Crosby were the only purchasers from this section.

If Mr. J. B. Hambridge builds the large brick cold storage warehouse he is now figuring on it will be a great improvement to the east end, and be a good thing for the town and surrounding country.

Mr. David Marshall presented to Trinity church the handsome new organ recently placed in position. It is a beautiful and generous gift, and the church and congregation will no doubt fully appreciate Mr. Marshall's generosity.

It would be well for people who have holiday shopping to do, to get it done early as there will be a rush at the last moment and you will not be so well pleased perhaps, as clerks and everyone will be in a great hurry.

The Florence Glover Opera Co. have been playing to small audiences here or the past week, one reason for which is, no doubt, the Xmas season. They are a good troupe and are deserving of success wherever they go.

On Sunday evening last Mr. R. C. McKenney received a telegram from New York, saying that his son, Dr. A. D. McKenney, was dangerously ill, and to come at once. The message was a great surprise, as only the day before they had received a letter saying he was well except a bad cold. Both Mr. and Mrs. McKenney left for New York on Monday.

Wallie Orton, son of Mr. James Orton, narrowly escaped serious injury on Monday. On his way home from school he climbed on one of the Aylmer Manufacturing Co's. wagons and slipped and got one foot fast in the wheel. The horses were stopped at once, and it was thought that the leg was broken, but upon the doctor's examination it was found not broken, but badly sprained. The little fellow is doing nicely now.

Flute solos, string quartettes, trios, duets, solos, vocal solos, duets, choruses, baton exercises, harmonica duets, addresses, &c. Hundreds of thousands of tons of stone have been removed, by generation after generation, from the Pyramids, to build and rebuild modern Cairo. This constant mutilation is most clearly shown in the case of the second Pyramid of Ghizah, of which an illustration is given in the January Delineator, with numerous others of Egypt and its historic wonders, in an extremely interesting article by the evangelist Ira D. Sankey, the first of two papers describing his trip through Egypt and Palestine.

At the regular meeting of the A.O.U.W., on Monday evening, the following officers were elected for the incoming year: M.W., J. H. Dalton; Foreman, L. B. Huffman; Overseer, W. E. Huffman as alternate; Trustees, J. B. Hambridge, Dr. Sinclair; Physicians, Drs. Clark and Sinclair. After the business of the evening a lunch was served and a good time enjoyed by all.

It is our sad duty this week to announce the death of another of Malahide's oldest residents in the person of Mrs. Hannah Court. She was born in Somersetshire, England and came to this country with her husband in 1850 and settled in Malahide near the place where she died. She was a member of the Methodist church, of the kindest disposition, and a true friend. She has been failing for about a year, but was only confined to the bed about a day. Her end was not unlooked for. Funeral at
