week ago today. The total run for the last two days included 118 loads, with 1327 head of cattle, 683 sheep and lambs, 3300 hogs and 518 calves. The fact that there were buyers in the market today from many outside points, from Montreal to North Bay, helped materially to stiffen prices and give life and activity to the trade. The general quality of the cattle offered was good, and included some loads of choice, well-finished cattle. The demand for butchers was the most active feature of the market, but there is also a good demand for export cattle. The market for stockers and feeders is not quite so keen, and prices in this class are barely steady, with a little easier tendency. Sheep and lambs continue easy. The heavy run of over 3000 hogs weakened that market, and the prices went off 25c; selects were quoted at \$9.15 to \$9.25 f. o. b., and \$9.50 fed and watered. Export cattle are firm at \$6.75 to \$7.50. Butcher cattle, choice, firm at \$6 to \$7; medium to good butchers, \$5.50 to \$6; good butcher cows firmer, at \$5 to \$6 25

Board of Works Last Night Decided to Initiate a Pavement.

At a short session of the board o works last night, it was decided to initithe Hamilton road

The question was brought up at the last meeting of the committee, but was sions, at the close of which a great laid over. Ald. Pocock declared that, after looking the situation over, there was but one thing to do, initiate a permanent pavement. He accordingly moved that it be initiated, and the motion carried. It was decided to initiate a sewer on

Johnston street, from the Pipe Line road A number of tenders for repairs to the east end hall were received, but they to hard work, endeavoring to arrive at the board refused to deal with them. Bulk tenders will be called for. City Engineer Graydon notified the comtee is trying to make a readjustment be met. The committee passed the acof the tax rate. It is proposed to raise count, and the machine will be released. Those present were: Ald, Tancock, Ald.
