One Dead and Other Seriously Wounded While Trying To Escape Provincial Officers, Who Ordered the SolJiers To Fire.

[Canadian Press.] Buffalo, N. Y., Dec. 28.—One American was instantly killed and another seriously wounded by Canadian troops patrolling the Canadian border at Fort Erie, Ont., opposite this city, today. The men were hunting ducks out of season in the Niagara River and in Canadian waters. Provincial Police Officer Thomas Delaney, of Fort Erie, ordered the men to stop shooting. They declined, and Delaney called upon a corporal and two privates of the Fourty-fourth Battalion of the Canadian militia for assistance The corporal ordered the men to come ashore. Instead they headed

their boat for the American shore, and were beating a hasty retreat when, at the order of Delaney, the soldiers fired upon them. One of the men, Walter Smith, was shot through the head. His companion, Charles Dorsch, suffered a serious wound in the shoulder. When the hunters toppled over in their boat the soldiers put out in a boat and towed the hunters craft to shore. Both men resided in Buffalo. Capt. Norman Fite, in charge of the border police at Fort Erie, declined to discuss the matter further than to say that he had reported

Utilities Commission Wants Immediate Action in Official's Case.

HOPING TO CLEAR MANAGER OF BLAME

East Londoners Want Public Men To Declare Their Positions.

A special meeting of the city council will be held this afternoon at 5 o'clock for the purpose of dealing with the request of the public utilities commission to have the Glaubitz-Hunt charges referred to County Judge Macbeth. The commission desires to have Judge Macbeth conduct an investigation at once and re-

port his findings to the city council. It was said today that if the council refers the matter to Judge Macbeth the investigation will start tomorrow, and if possible a report will be made before the present council is adjourned sine die.

Before Order Came? It is also understood that testimony will be taken to show that Carl Becker, the German reservist who has been the cause of the charges being filed, left London on August 5 while militia headquarters did not receive orders to detain suspicious Germans until August 7. However, war was declared by Great Britain on August 4.

The interest in the outcome of the affair overshadows every other municipal issue. The commissioners are coming in for considerable criticism, because they took no notice of the anti-Glaubitz talk which started simultaneously with the outbreak of war, but waited until a few days before election to denounce those who want an investigation.

Confident of Acquittal. On the other side friends of the commissioners and the accused officials declare that the investigation will be concluded in record time and the result will be such as to knock the opponents of Gaubitz and the critics of the com clean off their feet.

Some East End voters were around the city hall today in an effort to have some of the candidates who advocate reform appear at a meeting in the East End and define their at titudes. The date for the meeting has not yet been set.
