known to modern science. It is worthy of remark, too, that in the fittings and arrangements every late improvement known to science has been provided, not only to guard against infection, but to remove from view the depressing appendages of the sad office the undertaker is called upon to perform.

Mr. Hayward is a Justice of the Peace, a member of the British Columbia Board.

a member of the British Columbia Board of Trade, is thoroughly identified with the interests of the city and Province, and too favorably known to need any personal econium from the writer. His acquaintance and business extends to all parts of the Province. Many orders are received by mail; and all orders received are given prompt and careful attention are given prompt and careful attention

VICTORIA STEAM LAUNDRY. 152 Yates Street

Comparatively few people, who have not been to a considerable extent patrons of a modern laundry, realize to what imof a modern laundry, realize to what importance the business has grown, in the last few years. If enterprises were to be measured by the amount of money paid out in wages, the modern laundry might justly claim a position above other enterprises we have been accustomed to think of far greater importance.

The perfect modern laundry may be said to have had its birth at Troy, New York. It was in that city that the first modern laundry may higher was made.

modern laundry machinery was made, and the first laundry operated.

The Victoria Steam Laundry is the largest in the Province, and the only one in Victoria. It was established in 1891 by Messrs. McGrimmon, Arthur & Coffen The present approximate the McGrimmon of the present approximate the machinery of the present approximate the present ap by The present proprietors are Messrs.

supply them, or will do so in a more satisfactory manner.

Messrs. Pither & Leiser are members of the Board of Trade, and are as thoroughly identified with the general prosperity of the city as they are with its business interests. In the building of a railroad to the North-west, they forsee their own interests as well as the general prosperity of the city. Where there has been such a unanimity of feeling of sentiment, and of action for a common purpose as there has been in the interest of se as there has been in the interest of e contemplated British Pacific railway, would be manifestly out of place to

WEILER BROTHERS.

acturers of Furniture, and Imers of Crockery, Glassware, Wall Paper, Carpets, Linoleums, and Every Description of House Furnish-

There are a few business houses in British Columbia that are so far in ad-British Columbia that are so far in advance of their competitors, in all that pertains to a modern business house of the first-class, as to stand practically alone and without a peer. The subject of this sketch is one of them; and those who, in some one or two lines, compete with this great house for public patronage and favor will not presume to deny the truth of our statement, or the fact that, taken as a whole, this is by far the largest business house of the kind in the Province. It is gratifying to note that this house

It is gratifying to note that this house is practically a growth and a product of British Columbia. The business was founded by Mr. John Weiler in 1862. Such was his enterprise and ability that his factory soon supplied a large and increasing local demand and his trade extended to remote parts of the Province. Besides enjoying a successful career Mr. Weller reared up four sons to the business, who in association a few years since Weiler reared up four sons to the business, who in association a few years since relieved their father from all business cares, and have since conducted the affairs of the house, which has become widely and most favorably known as Weiler Brothers. The four brothers, George, Charles, Joseph and Otto, have each their separate department, and all work harmoniously together for the good of the firm. of the firm.

The factory, with a capacity for seventy-five hands, and which has been well-known for its product of plain and fine furniture, its carvings, its upholstery, its bank and office fittings, and its fine cabinet work of every description, has long been the pride of Victoria and of the Province. It must now, however, take

cabinet work of every description, has long been the pride of Victoria and of the Province. It must now, however, take second place to that of the store, which has become widely known, and may claim first place with all the lovers of the beautiful in house decorative and furnishing goods, from kitchen to parlor, and from basement to roof.

The store building is 90x190 feet, and three stories high. Within the last year important modern improvements have been made in the arrangement of the departments. The glassware and china room, always one of the finest in the Province, is, since the late improvements have been made, more than equalled by a superb apartment, 30x90 feet in dimensions, devoted to the display of carpets, rugs, curtains; and wall and ceiling decorations. The display of imported and domestic goods in this deduction.

W. Waitt, together with a practical and experienced management, placed the wavelender of the work of the music house of the Province; and It cequired only an application of modern methods to increase its prestige, and keep it in the front rank rs the leading music house of the Province; and It cequired only an application of modern methods to increase its prestige, and keep it in the front rank rs the leading music house of the Province; and It cequired only an application of modern methods to increase its prestige, and keep it in the front rank rs the leading music house of the Province; and It cequired only an application of modern methods to increase its prestige, and keep it in the front rank rs the leading music house of the Province; and It cequired only an application of modern methods to increase its prestige, and keep it in the front rank rs the leading music house of the Province; and It cequired only an application of modern methods to increase its prestige, and keep it in the front rank rs the leading music house of the Province; and It cequired only an application of modern methods to increase its prestige, and the private in the front rank rs the leading music house of th

seives a study, and worthy of special mention.

Weiler Brothers employ skilled artists, including art designers, paper-hangers and decorators. Their stock of wall-papers and decorative goods include a fine line of goods known as Lincrusta-Walton, pressed leathers, and all the latest approved really artistic papers known and used in fine residences of the East.

of the Victoria Steam Laundry; and they employ from twenty-five to thirty people. They employ only white help; and, respecting the class of work done, we may say that it is uniform in excellence, and approaches perfection as nearly as can be done by the most competent experts.

Besides the general laundry work for tamilies, and the laundry work for tamilies, and the laundry work for tamilies, and the laundry work for the Canadian Pacific Navigation Co., and for all the leading hotels of Victoria, they make a specialty of fine laundry work for gentlemen. A considerable business is done with the smaller towns over the

terms, and at prices to compare favorably with those of Eastern houses. The best piano is seld upon monthly payments, the same as a cheap piano or organ; but liberal discounts are made to

Mr. Futcher carries the largest stock of goods of the kind on the Pacific coast, north of San Francisco, and his reputation for commercial integrity is second to that of no other house in British Columbia.

PITHER & LEISER.

Importers and Wholesale Dealers in Wines, Liquors, and Havama Cigars, 13 Yates Street.

This house was established in 1858, and was, until 1898, when the present firm succeeded to the business, known as Boucherat & Co.

Mr. Futcher carries the largest stock of goods of the kind on the Pacific coast, of Eastern cities.

Besides being extensive manufactures and swith Mrs. M. W. waitt. In this connection it is proper to state that there is no probability that the business will the disposed of, but that if will continue to be conducted for the estate. The condition of this great music house under of the style of Mr. M. Waitt & Co. is a fitting tribute to Mr. Waitt's high charactory.

It is pleasing to note that Mr. John was, until 1898, when the present with Mrs. M. W. Waitt & Co. is a fitting tribute to Mr. Waitt's high charactory.

It is pleasing to note that Mr. John was, until 1898, when the present with Mrs. M. W. Waitt & Co. is a fitting tribute to Mr. Waitt's high charactory.

It is pleasing to note that Mr. John well-with the founder of this great house, although now seventy years of age, is hale and hearty, and makes a daily visit to the store.

It is hardly necessary to add that the with Mrs. M. W. Waitt & Co. is a fitting tribute to Mr. Waitt's high charactory.

This house was established in 1858, and was, until 1898, when the present firm succeeded to the business, known as Boucherat & Co.

Mr. Luke Pither, of the present firm to the store.

It is hardly necessary to add that the with Mrs. M. W. Waitt is no probability that the business will the be disposed of, but that it will continue to the city and, without the aid of a traveling man extends all over the Province.

The business are a mong to the city and without the store is no probability that the business will the store of thi

sell.

The deservedly high standing of the house is second only to the esteem in which Messrs. McLachlan are held, personally. They are experienced merchants, and amply merit the full confidence of the buyer

VICTORIA GRANITE AND MARBLE WORKS.

M. Wasto, Proprietor, 110 Fort Street

The Victoria Marble Works established about the beginning of the present year, by McRae & Wasto Mr. Wasto purchased his partner's interest in July, and became sole proprietor. Mr. Wasto is a skilled and experienced granite and marble cutter. He is both well and widely known for the excellence

narble.

Although but recently established, Mr.

Although but recently established, Mr.

Wasto is doing a considerable and increasing business. He takes contracts for stone building work, curbings, or any other kind of stone work complete. He The well known and popular music house, known since 1885 by the firm name of M. W. Waitt & Co., was established workmen; and patrons may a skilled workmen; and patrons may a skilled workmen; and patrons may depend on his following instructions, even to the minutest detail. He is now engaged upon a fine monument and some granite curbing work for the Ross Bay Cemetery, and will be glad to submit estimates for any kind of granite or marble work to be put up in Victoria or shipped to any part of British Columbia.

B. C. STEAM DYE WORKS.

This business was established in 1892, by Messrs. Hearns, McCann & Renfrew. This is by far the largest cleaning and dyeing works in British Columbis; and there are few business houses in the Pro-vince that cover with their trade a wider vince that cover with their trade a wider range of territory. The firm has regular agents in Vancouver, New Westminster, Nanaimo, Wellington and Calgarry; and a large and increasing business is done by mail and express with many other points in British Columbia.

Mr. Hearns looks after the outside interests of the firm; while both Mr. McCann and Mr. Renfrew are practical, as well as scientific dyers and cleaners, having learned the trade thoroughly in Scotland, and having had more than twelve years experience each. They have brought the art of cleaning and dyeing to a state of perfection unexcelled twelve years experience each. They have brought the art of cleaning and dyeing to a state of perfection unexcelled in any city on the Pacific coast; and their range of work includes practically everything from carpets to feathers. The most delicate laces and silks are cleaned without the slightest injury to the fabric; and carpets are taken up, cleaned and relaid, in the best style. A specialty is made of gentlemen's clothing and a tailor is kept to do repair work.

Messra. Hearns, McCann & Renfrew employ only skilled help, and all work is under the immediate supervision of the members of the firm. A wagon is kept for the convenience of city patrons; and all mail and express orders are given prompt and careful attention. A specialty is made of dry cleaning, and no cheap dyes or chemicals are used.

All work is guaranteed to be first-class. Telephone No. 200:

THE HOTEL VICTORIA.

of that city. Having grown up in the hotel business and having been associated in their management in Eastern Canada, Mr. Paton went, in 1879, to

halls are wide and light, and the service halls are wide and light, and the service first-class in every respect.

Mr. Patton possesses the happy faculty of impressing his guests that he is especially desirous of pleasing them, and each is likely to think himself exceptionally favored. It is hardly necessary to add that so obliging and courteous an innkeeper is very popular with the travelling public, or that he stands deservedly high with the leading hotel men of Canada and the States. ada and the States.

and serves from two hundred to two hundred and fifty meals each twenty-four hours. The cuisine is unsurpassed by any on the Pacific Coast; and the bill of fare contains, besides the best of everything produced on this continue, the came to Victoria in 1890.
