FARMERS YOU ARE INTERESTED!

We have for our attention drawn to the Prospe of a so-called Bl der twine and Cordage Co. which certain individuals are endeavoring to organize under false pretences. They appeal to the farmers to take stock to save themselves from monopoly, combinations, etc. This is most misleading, as we can positively state that no monopoly or combination of Binder twine exist in the Dominion.

We have no interest whatever in deterring farmers from taking stock, but we would ask them to seek the fullest information before committing themselves. They can very easily obtain the present cost of raw material, and we are willing to allow any farmer who is interested to make the most critical examination of our factories in Port Hope and Montreal, so that they can become thoroughly acquainted with the mode of manufacture, cost of machinery, appliances, etc.

Remember that Manila and Sisal Hems are two of the most speculative articles in the world to-day and the fluctuations that have taken place during the past eight months are phenomenal; therefore no farmer wishes to place his interests in the hands of unscrupulous individuals.

We do not write the above from any jealous motive, but as we are undoubtedly on better terms with the agricultural classes than any other manufacturing concern, we feel that it is our duty to give a warning when the opportunity offers.

CHOICE BREAKFAST CEREALS AND HYGIENIC FOODS. The June (1886) number of 'The Canada Medical Record,' edited by Dr. F. W. Campbell of Montreal, says of 'Our National Foods':

These foods afford not only nutritious and delicate diet but also assist in laying the foundation of a strong muscular development as well as brain and nervous vitality. They contain a full proportion of digestible and nutritious constituents so essential to the health and vigorous growth to the body in the earlier stages of life, and for the reconstruction of systems 'run down' with dyspepsia and other affections of the digestive organs. We have tried several of 'our' foods and have no hesitation in recommending all the preparations of this house as worthy the confidence and endorsement of our readers.

DESICCATED WHEAT. Prepared from Choice White Wheat, brushed and scoured, and then decorticated. It is prepared from Choice White Wheat, brushed and scoured, and then decorticated. It is prepared from Choice White Wheat, brushed and scoured, and then decorticated.

Prepared Pea Flour. Which has been imported into Canada from Scotland and other places, is now made equal in quality and lower in price, to that which can be obtained elsewhere. Prepared Barley. For old people, invalids and others who want a condensed, nourishing drink. This preparation is made of the combined extracts of Barley and Oats, and is a highly nutritious food.
