

72. Any British subject who produces a certificate of good moral character according to the authorized form, and evidence to show that at the time of his application he has entered upon the eighteenth year of his age, may be admitted to examination for entrance into the model school class of the McGill Normal School.

73. Each candidate for admission to the model school class shall, at the same time and in the same manner as candidates for admission to the elementary school class give notification and deposit a certificate of good moral character and satisfactory evidence of age, together with an examination fee of four dollars, which sum shall admit, in case of failure, without further payment, to the examination of the year next ensuing.

74. Examinations for admission to the model school class shall be either the examinations in the Normal School for the advanced elementary diploma, or the A.A. examinations of the universities.

On receipt of the notification, certificate of moral character, examination fee and satisfactory evidence of age, the Secretary of the Central Board shall notify the candidate of the place and time of the examination, and shall also notify the Principal of the Normal School or the Secretary of the university examiners, as the case may be, to admit the candidate to examination. If the examination chosen be that of the A. A. examiners, he shall remit the examination fee to their Secretary.

75. Persons who already hold elementary school diplomas are exempt from the examination fee and will be liable to examination only in Algebra, Geometry, Latin and French, with such additional subjects as in the judgment of the Central Board or its sub-committee may be deemed necessary in particular instances. But satisfactory evidence of having taught successfully for eight months shall give exemption from such examinations.

76. No evidence of standing at the A. A. examinations other than the certificate of the universities shall be taken. For admission to the model school class of the Normal School such certificate must show that the candidate has passed in Latin, French, Arithmetic, Algebra, Geometry and the English Language, or English Literature. Such candidate, who has failed to enter the Model School Class, may be admitted to the Elementary School Class.
