REPORTS, &c.

The schr Avon, Condon, of Gilbert's
Cove, made the quickest trip on record be-
tween Gilbert's Cove and Rockland Me.
She left on Saturday the 15th inst., and
arrived back on the 18th inst., being three
days and six hours from wharf to wharf.
The British schr Parole, from New York
for Brazil, which put into Rio Janeiro Aug.
14 in distress, has been surveyed and will
discharge.
GOOD SAILING—The ship Charles, Perry,
master, owned by John Murphy of Yar-
mouth, N S, has just completed a remark-
ably fast round trip. On her trip from St.
John, N B, to Liverpool she made the run

in 27 days; she remained in port at that place
18 days, and arrived back at St John Tues-
day afternoon in 27 days, thus making the
round trip from wharf to wharf in 47 days.
On the outward trip she had variable winds,
but met no icebergs. This record reflects
the highest credit on her commander and the
fine sailing qualities of the vessel. Brig
Bohemis, Capt Seth Doane, coal laden, ar-
rived at Barrington on the morning of the
16th inst., making the run from New York
in 54 hours. Capt Doane in the same vessel
in 1882, made the passage from Sheet Har-
bor to New York in 72 hours.

CAPE TOWN July 15—About 1,500 bags of
sugar landed, all more or less damaged by
sea water, from barque Wave Queen, from
Mauritius for New York, were sold by auc-
tion in July 14, realising 17s 6d per 100 lbs duty
paid.

HAVANA Aug 14—Brig C S Packard, Rob-
inson, from Annapolis, N S, July 10 for
Havana, has been totally wrecked at Cay
Verde.

LONDON Aug 18—The barque Armenia,
from Hüll for Boston arrived at Batavia
July 9. Her crew were suffering from malar
fever.

MACHIAS ME Aug 14—Schr Alta V. Cole
from Sand River, N S for New York, ran
on a ledge at the mouth of the Harrington
River on Thursday. Part of her deckload of
pillings was thrown overboard, when she
came off. She will repair the slight damages
done to her, and proceed.

MONTAVIDEO July 13—Barque E D Bige-
low (of Annapolis, N S), from Liverpool for
Montevideo (before reported wrecked on
English Bank), was found by a steamer
which went to her aid and returned to port
night of the 11th, to be abandoned and a
complete wreck. She had her flag still at
half-mast. The provisions, sails and a boat
were taken off by the authorities. The Bige-
low was wrecked on the 9th, and the British
steamer Para picked up her crew off Ma-
dona Island and brought them here yesterday.

NASSAU N P Aug 7—Brig O K. Hyder,
from Gonaives for New York with cargo of
which put in here Aug 5, was leaking badly.
Vessel quarantined for a few days; no sick-
ness on board. A survey will be held when
pratique is given.

QUEBEC Aug 22—Ship Mary Stewart,
Capt Wright, which sailed on the 20th inst.
for London with a cargo of timber and desls,
loaded by Messrs W & J Shurples, is re-
ported ashore in the Traverse, leaking. The
Challenger, with lighters and men, left for
the vessel last evening to render assistance.
It is expected that on discharging her deck-
load the vessel will float.

RIO JANEIRO Aug 14—Schr Parole, Harrie,
from New York for St Catherine's (Brazil)
has put in here leaking badly and with loss
of sails and bottom very foul.

RIO GRANDE DO SUL (Brazil) July 11—
After a terrible storm from north-east, which
lasted several days, the Northern bar, which
was heretofore used by all vessels, is closed,
and the Southern bar, which is considerably
shorter and much wider, is now open. There
were 17 palms (a palm, Brazilian, equals 83
inches, English) of water on the bar the day
before yesterday and to day the bar signal,
"Bar smooth; sounding, 20 palms taken."
The Capt of British steamer, which arrived
here yesterday (through the Southern bar)
sounded 18 feet of water. Should the new
bar remain in this favorable state which no-
body doubts, it would be a great advantage
to the trade of our province.

[The above is confirmed by a dispatch
dated July 27]

Opinions of the Press!

The "New York Nation," one of the most criti-
cal Journals in the United States, in referring to
the Halifax Critic says:—

"Among the latest ventures in Journalism is
THE CRITIC, of Halifax, N. S. The sample copy
sent us contains many smart and wholesome para-
graphs, chiefly of a local interest. The diver-
gent views of its correspondents and contributors
argue that it is thoroughly independent—a rare
merit in Canadian Journalism."
