

VACCINE VIRUS.

—AND—

VACCINATORS

We continue as for several years to supply **ANIMAL VIRUS** propagated at our own stables from lymph of the "Beaugency Stock," imported by ourselves expressly for this purpose. Results of experience enable us to recommend it as of unsurpassed excellence.

The establishment is under the care of a competent physician of long experience in this specialty, who will spare no pains to produce a perfectly *reliable* and *pure* article, which we are prepared at all times to furnish in *fresh* and *active* condition. Our new method Kine Crusts will be found much superior to the ordinary form, though points are recommended as the most reliable form of virus attainable.

All our Virus is put up in strong, *air-tight, sealed packages*, for safe conveyance by mail or express, and will be sent (post-paid if by mail) upon the following terms:—

Ten large Ivory Points, well charged on both sides	\$1 50
Six large Ivory Points, well charged on both sides	1 00
Large Ivory Points, less than six, well charged on both sides, each	25
One Crust, new method, in air-tight Glass Capsule, prepared for immediate use	2 00

Also **Humanized Virus**, from HEALTHY CHILDREN, procured for us by physicians of undoubted reliability.
One Crust from Unruptured Vesicles (one remove from helper if preferred) \$2 00

We will give a fresh supply in case of failure reported within twenty days from Points, thirty days from Human, and ninety days from Kine Crusts. Orders by mail or telegraph answered by return train. Liberal discounts upon large supplies for Cities, Towns, and Institutions.
