

PROTECT YOUR BUILDINGS, which may be done with one-fourth the usual expense, by using our

PATENT SLATE PAINT

(Fifteen Years Established.)

MIXED READY FOR USE.

Fire-Proof, Water-Proof, Durable, Economical and Ornamental.

A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for

ONE-THIRD THE COST OF RE-SHINGLING.

The expense of slating new shingles is only about the cost of simply laying them. The paint is FIRE-PROOF against sparks or flying embers, as may be easily tested by any one.

IT STOPS EVERY LEAK,

and for tin or iron has no equal, as it expands by heat, contracts by cold, and NEVER cracks or scales. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense, and preserved for many years. This Slate Paint is

EXTREMELY CHEAP.

Two gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt, matched boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface, and although the paint has a heavy body it is easily applied with a brush.

NO TAR IS USED IN THIS COMPOSITION,

therefore, it neither cracks in Winter, nor runs in Summer.

On decayed shingles, it fills up the holes and pores, and gives a new surface that will last for years. CURLED or WARPED shingles it brings to their places, and keeps there. It fills up all holes in felt roofs, stops the leaks—and although a slow dryer, it does not affect it a few hours after applying. As nearly all paints that are black contain lead, be sure you obtain our genuine article, which (for shingle roofs) is

CHOCOLATE COLOR,

when first applied, changing in about a month to a uniform slate color, and is, to all intents and purposes SLATE. On

TIN ROOFS

our red color is usually preferred, as one coat is equal to five of ordinary paint. For

BRICK WALLS

our BRIGHT RED is the only reliable Slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the plaster.

These paints are also largely used on out-houses and fences, or as a priming coat on fine buildings. Our only colors are CHOCOLATE, RED, BRIGHT RED, and ORANGE.

NEW YORK CASH PRICE LIST :

5 Gallons, can and box.....	\$ 5 50
10 " " keg.....	9 50
