

Too large —the old-fashioned pill. Too reckless in its way of doing business, too. It cleans you out, but it uses you up, and your outraged system rises up against it. Dr. Pierce's Pleasant Pellets have a better way. They do just what is needed -no more. Nothing can be more thorough—nothing is as mild and gentle. They're the smallest, cheapest, the easiest to take. One tiny, sugarcoated granule's a gentle laxative—three to four are cathartic. Sick Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are promptly relieved and permanently cured.

# A REMARKABLE STORY

Already famous in Europe, entitled "Four Days," from the Russian of Garshin appears in the double summer number of Poet-lore—June 15th. It is a vivid picture of a significant episode in the life of a modern soldier. Two short stories of a very different kind follow—"Faded Leaves," and "Green is Hope," translated from the Norse of Alexander Kielland. The same number of Poet-lore contains a hitherto unpublished Kielland. The same number of PORT-LORE contains a hitherto unpublished letter of John Ruskin's on "Wages"; and critical papers on "Two Versions of the Wandering Jew," by Prof. R. G. Moulton; "The Text of Shakespeare," by Dr. Horace Howard Furness; "An Inductive Study of 'As You Like It," In G. A. Wortshura; and a "Study Proby C. A. Wurtzburg; and a "Study Programme: Magic, Out-door and Human Nature in Literature," of practical use to Reading Circles or for the home study of Literature

A COMPLETE PLAY — "Harold," by the distinguished German dramatist, Ernst von Wildenbruch, will be given, translated into English verse, with the author's sanction, in the second double number of POETLORE—Sept. 15th. This drama is on an English theme, is full of action, and is a marked success on the German stage (copyright applied for). A portrait of the author, and a critical and biographical account of him, will also be given.

The local committee of arrangements met in Toronto on March 30th, and it was then decided that September being Exhibition month, and travelling rates consequently more reasonable, also Indians being better able to leave their farms at that time than in May, it would be a far better and more convenient time for holding both the Annual Meeting and the Conference.
