

University of Toronto

FACULTY OF MEDICINE.

The regular course of instruction will consist of Four Sessions of eight months each, commencing October 3rd. There will be a distinct and separate course for each of the four years.

Attention is directed to the efficient equipment of the University Laboratories for instruction in the various branches of the Medical Curriculum. The new building of the Medical Faculty has been completed in the Queen's Park, and affords extensive laboratory accommodation for Pathology and Physiology which is unsurpassed. Instruction in the other subjects of the Medical Course is given in the various science laboratories and lecture rooms of the University.

The lectures and demonstrations in the subjects of the First and Second years will be given in the Biological Laboratory and the lecture-rooms of the University.

To meet the requirements of the Ontario Medical Council a course of instruction during a fifth year will be conducted. This will be entirely optional as far as the University of Toronto is concerned.

Clinical Teaching (largely bedside) is given in the Toronto General Hospital, Burnside Lying-in Hospital, St. Michael's Hospital, Hospital for Sick Children, and other medical charities of Toronto.

There are special Research Scholarships offered to graduates in Medicine, and every opportunity is now afforded for Scientific Research Work in any of the various laboratories of the University, under the direct supervision of the Professor in charge.

The Faculty provide three medals for the graduating class (one gold and two silver). There are also scholarships available for undergraduates in the First and Second Years. These are awarded to candidates on the results of the annual examinations.

Further information regarding Scholarships, Medals, etc., may be obtained from the Calendar, or on application to the Secretary.
