

men receiving their degrees only three were in Arts attendance during the past session. The other degrees conferred during the year were one Master of Arts, one Bachelor of Engineering, two Bachelors of Music, and one Licentiate in Music, nine degrees in Law, fourteen in Medicine and two in Dentistry; a total in all Faculties of forty-eight. No honorary degrees were conferred. This was not on account of the war, but rather the result of the practice of the university in this respect — to confer its honorary degree with sparing hand. Only thirty-two such degrees have been conferred by Dalhousie in fifty-three years.

The number of Dalhousie students in khaki is 230 and the corresponding number of past students and graduates known to be enlisted (probably there are as many more) is 250, a total of 480 Dalhousians.

Already thirty-seven have given their lives and two are missing, eleven men have received the Military Cross, one the D. C. M. with bar and one the D. S. O. This is a very striking record.

A very able and thoughtful address on Educational Ideals was given by the Rev. J. Macartney Wilson.

President Mackenzie announced a gift of \$25,000 from Mr. and Mrs. George S. Campbell, to found a series of scholarships in memory of their son George, B. A. '15, who lost his life at the front. These scholarships of the value of \$200 are to be competed for at the matriculation examinations of next September. One is assigned to New Brunswick, one to P. E. Island, and one to C. B. Island.

The other gifts which came in during the year were \$15,000 from the estate of the late Joseph Matheson, of Lower L'Ardoise, C. B.; and \$96,000 from that of the late John Macnab of Halifax; and \$1,000 from President A. Ross Hill, of Missouri University, in memory of his late wife (Agnes Baxter of Halifax). The interest is to be used for the purchase of books in pure and applied mathematics.

KING'S COLLEGE ENCAENIA.

The proceedings of "Encaenia Week" at historic old Kings were opened on Sunday May 20 when Rev. W. W. Judd, M. A., preached an inspiring Baccalaureate Sermon.

The regular annual meeting of the Haliburton Club was held in the Haliburton Room, King's College, on Monday evening at 8 p. m., the president of the Club, Professor J. B. McCarthy, presiding. A very large number of guests was present and the general tone of the meeting of perhaps the most interesting of the organizations connected with "Old King's" was one of enthusiasm and genuine good fellowship.

After the reading of the minutes of the last annual meeting by the Secretary, Mr. C. O. Farrar, one of this year's graduating class, the president made the report of the year's work showing eight meetings held and ten original articles submitted, a slight falling off in the number of meetings owing to the general stress of the times; but an increase proportionally in the amount of original work done. He referred touchingly to the deaths of Haliburton members on the battlefields of Europe and commented briefly upon the enlistment of Haliburton members in such generous selflessness in the cause of Empire.

After the president's report the regular programme for the evening began.

The second number, a paper by a Windsorian, Professor Lionel A. Forsyth, on "O. Henry, the man who found himself," was listened to with intense interest and was at its close heartily applauded.

The meeting later adjourned to Commons Hall where a repast awaited the company.

The annual meeting of the Alumni Association of King's College was held in Convocation Hall on Wednesday, the 9th of May at 9.30 a. m. In the absence of the President, Judge Forbes, Ven. Archdeacon Martell occupied the chair until the arrival of the vice-president, Canon Vroom.

The business considered was the report of the executive committee. The report presented to the members the effect of the great war on the College, the particulars of the new Advance Movement, the work of the College and King's College School during the past year, the proposal of a summer school for Sunday school and Missionary workers, suggestions for an investigation into the decreasing attendance at Alumni meetings, references to the enlistment of graduates and students and to the use of college buildings by the military authorities, an appeal to friends of King's to be up and doing that the College may be prepared to do its part in the great work to be done after the war, and in the closing paragraph was a long list of members of the University who have passed to the Great Beyond during the past year, including the names of Sir Frederick Borden, Rev. Canon Bullock, Dr. Henry S. Poole, the Right Rev. Bishop Walker and the following Kingsmen who have made the supreme sacrifice on the battlefields: Capt. G. L. B. Concannon, Lieut. H. W. Campbell, E. R. McCormick, G. A. Turnbull, Lieut. K. A. Campbell, Lieut. A. L. Collett, and R. P. Orchard. Of the Associated Alumni the committee reported the death of a life member, Nelson Woolaver, and of Lieut. W. Gore Foster, killed in action.

On Wednesday afternoon, May 23, the Board
