Dear Mr. Joseph:-

This is just a note to thank Mrs. Joseph and yourself for your very great kindness to me on Sunday evening. It was indeed very thoughtful of you to assemble so many McGill men and give us the pleasure of a purely social evening.

I feel that much of the success of Saturday evening's function was due to a very active and capable Secretary. I want you to know that McGill appreciates what you are doing for your Alma Mater and that I, too, appreciate it very much.

With all kind wishes to Mrs. Joseph and you, I am,

Yours faithfully,
