Donnerail Is the Also Ran in Four-Horse Race—Large Attendance.

By a Staff Reporter.  
FORT ERIE RACE TRACK, Aug. 9.—Despite the threatening rain there was a regular holiday attendance at the races here this afternoon. The inclement rain did not prevent the track from being very heavy, but not muddy by any means. Good-sized fields appeared in the different events with the exception of the feature race, the fourth on the card, which was at one mile and a half, and in which the Kentucky Derby winner, Donnerail, was the only horse to start. The race was won by the latter, who rode the track in the early morning, and who was the only horse to start. The race was won by the latter, who rode the track in the early morning, and who was the only horse to start.

The stewards are investigating the running of the province-bred race of Friday, which was won by Cape Sable. There is a suspicion that a combination among some of the jockeys existed, and that the race was fixed. **Track Too Slippery For Motor Races**  
The motorcycle races advertised for Saturday afternoon at Exhibition Park were called off at the last moment, owing to the slippery condition of the track. The organizers had hoped that the sun would come out and dry up the moisture, but old Sol hung back too long, and they were forced to announce to the early crowd, already collected, that the races would be postponed till later.

A special effort will be made to secure the track for next Saturday, Aug. 16. The Exhibition Association now have the entire park under control until after the circumstances the club will try and secure a special permit for the track. The ticket fence on the south-east and northwest turns has been replaced by a board fence with smooth side exposed, and this will eliminate some of the danger at the turns, as a wheel striking the fence would glance off instead of jolting on the pickets.
