

used as scoops for the excavation. Under her neck was discovered the first manufactured object found, a single rude bead of white wampum of the prehistoric form, and which is now deposited in the Chateau de Ramezay. As white wampum was the gift of a lover, this sole ornament tells the pathetic story of early love and death. Mr. Chas. J. Brown again protographed the remains in situ. The work will still proceed and no doubt more important discoveries are yet to be made.
