their class, and some fast miles will be recied off.

In Class A every horse starting is capable of going miles right around 2.20, and if the track is fast that is about where they will go. Richard S., O. B. Sheppard's smart pacer, will take a fly at the Class A fellows, and he looks to be at his best. He will have a strange driver up behind him, but if he takes to his new reinsman he should be returned the winner after a tough race with N. Ray's Dimity.

In Class B the trotters and pacers will clash, but the first named will get all the prizes at the finish of the race. The alderman's Lady Brant should about land first in the summary, after a tough race with Shaun Rhue, Cressalto and Princess Eleanor. This event will likely go five or six heats, the field is so evenly balanced. There will be bookmaking and pool-selling for the last time at a matinee, till the opening of the big ice meeting.

The Ontario Amateur Gymnastic Association held a meeting in the Central Y. M. C. A. last night, when the final touches were put on an enormous gymnastic program, which is to be given on Wednesday, Dec. 21, at Varsity gym.

All the different gymnastic associations in Ontario are contributing a number to the program, and it is to be without doubt the finest thing in gymnastics proper yet seen in Ontario. All the representatives at last night's meeting reported that their respective clubs are working hard, so that the standard of work at this, the first combined gymnastic meet in Ontario, should be of the highest order.

Hamilton are sending down their crack tyramidal team and athletic posers. Varsity girls are also giving a display. That gymnastics have never before received such an impetus in this country is a fact which can be attributed to the efforts made by the Ontario Amateur Gymnastic Association to raise the standard of gymnastic meet in Ontario, should be of the highest order.

Hamilton are sending down their crack tyramidal team and athletic posers. Varsity are putting on their good ring and
