COULD NOT INFLICT THE TORTURE WOMEN SUFFER FROM HEADACHES

Headaches is not in itself a disease, but a symptom or accompaniment of other diseases, principally those of the stomach, liver and bowels, such as Constipation, Dyspepsia, Liver Trouble, Bad Blood, Female Complaints, General Debility and Weakness. Headaches is common to both sexes, but more frequently affects females.

The varieties of headaches most common are sick or bilious headaches, nervous headache, headache from congestion, debility or indigestion, periodical and spasmodic headache. Undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters removes the cause of the headache, and not only does this but it also restores the entire system to healthy action and buoyant vigor.

It was troubled with headache for a number of years, but could get nothing to help me. I procured a bottle of Burdock Blood Bitters, and finding it was doing me so much good, I got two more. I am now fully cured and think there is nothing in the world like Burdock Blood Bitters for headache.
