ROBINSON IN EAST END.

C. C. Robinson addressed a meeting at Dingman's Hall from 8 to 9 o'clock last night. W. Worrell was chairman.

> In conclusion, King Edward said: "I renew the assurances of my regard for the liberties of the Indian people; of my respect for their dig-nities and rights; of my interest in their advancement, and of my de-votion to their welfare. These are the supreme aims and objects of my rule, which, under the blessing of Almighty God will lead to the increasing prosperity of my Indian empire, and to the greater happiness of its people."

Mr. Robinson asserted that he would settle the dispute between the city and the gas company within two months after he had been inducted into office. He maintained as one of the best reasons why he was entitled to be elected mayor that he was born in Toronto. Some unappreciative individual in the rear of the hall snorted that the city ought not to be held responsible for that.

Ald. Lamb had done but one good thing in the speaker's estimation, and that was in the establishment of the Zoo, and the buildings there he insisted had been constructed with scab later that the ceremonies.

S.A. Treat to Poor Children.

The annual New Year's treat given by the Salvation Army to the poor children of Toronto was held in the Barracks on Albert-street last night, when between seven and eight hundred youngsters were fed. At the dinner there were children of all ages, kinds and conditions, from little tots to boys and girls of 12 or 14. The tables were spread in the large hall, and on going in each child was given a ticket entitling them to a seat at the table and a prize, to be drawn for at the conclusion of the meal. These prizes consisted of clo'ching, tors, and candles, each child sharing allke.

During the evening the Army band rendered several selections, and afterwards the children listened to a concert given by the junior members of the Army.
