There are indications that if those who have been clamoring for the re-moval of Mr. Wilson persist in their demand a huge deputation will invade the city hall to protest against granting the request. Numerous letters have been received at the city hall praising the work of the commissioner and commending his firm stand for discipline in his department.

Mayor Church, and the young aviator's family and friends, passed along Front street, up York, along King, and, by way of Bay, to the city hall, where fully four thousand people awaited the arrival of the procession. Tumultuous cheer-ing reverberated thru the air as Ma-jor Bishop stepped from the car at the landing of the city hall steps. Heroic and Modest.
