

Managers' Report

The Board of Management begs to present their report for the past year and in doing so returns thanks to the congregation or rather to those individuals of the congregation whose generous response to the call of the Board has enabled the Treasurer to bring forward a balance on the right side.

In order that every member and adherent of the congregation may understand and appreciate the task that is imposed upon your Board it has been thought advisable to insert in this report a synopsis of the fixed revenue and expenditure of the congregation so that each may consider his and her responsibility in relation thereto. It will be noticed by reference to the report of the Treasurer that the receipts contain two items, as follows :

Special contributions.....	\$ 315 75
Ladies' Aid Society.....	100 00
Making a total of.....	\$ 415 75

which has been received outside of the fixed sources of revenue and the receipt of which has alone enabled the Treasurer to avoid a deficit.

Great difficulty has been experienced in raising this sum and the burden has fallen on the shoulders of the willing few who had already contributed liberally in the ordinary way.

Our fixed expenditure for salaries, taxes, water-rates, insurance, interest on mortgages, gas, fuel, printing and incidentals, is about \$4,250.00, and for the year just closed our income from envelope collections was \$57.90 per Sabbath, made up as follows :

2 contributors of \$2 00.....	\$ 4 00
2 " 1 50.....	3 00
16 " 1 00.....	16 00
1 " 80.....	80
2 " 75.....	1 50
1 " 70.....	70
2 " 60.....	1 20
