OLD SPIKES TO BE USED AS BEFORE

Ban Johnson's Decision in Question Agitating the American League

NEWSY RING NOTES

John T. Power's Opinion on the Jeffries-Johnson Fight—Xavier Hockey Team Strong One—Good Bowling Last Night—General Sporting News

Chicago, Ill., Jan. 13.—The old-fashioned baseball spikes will be retained in the American League, according to a decision reached by R. B. Johnson, president of the league and Chas. A. Comiskey, president of the Chicago Americans, after a conference today. They have inspected several devices intended to supplant the present spikes, said Johnson, but have found none of them satisfactory.

The Ring

Abe Attell's manager will sail for England on Saturday to try to arrange a match between Attell and Jim Driscoll. Abe will demand a 45-round limit, with ringside weight.

Packey McFarland agrees to meet Fred die Welsh at 135 pounds, weigh in eight hours before fighting. It is seriously announced that the winner is to be declared the world's lightweight champion.

Harlem Tommy Murphy has been matched to box the best lightweight obtainable by a Pittsburgh club, Jan. 25. This bout will take the place of the one scheduled between Montana Jack Sullivan and Sam Langford.

Pal Moore has agreed to box Harry Thomas in New York Monday night. Al McMurray keeps his men busy. He has matched Charley Sieger with Andy Parker Jan. 20, and Johnny Doherty four days later in New York, and Young Kibby in Lawrence, Feb. 5.

Says Bob Dunbar in the Boston Journal: "Jack Johnson is a powerful built man and it is a mistake to think that he is not big enough to go against Jim Jeffries. The colored fighter has massive shoulders and his forearms are as large as those of his white opponent, whom he will meet next July. Johnson's legs may seem small in comparison to his upper body, but the black fellow has a sturdy pair of legs, and what is more, he knows how to use them. The Texas is a bigger and more powerful man today than when he met Sam Langford at Chelsea, and Mr. Jeffries will have to recover his old form if he hopes to win over 'Mis-tah Johnson'."

Four rattling bouts, with Jack Johnson as an added attraction drew out a big crowd to the Army A. A., Boston, Tuesday night. Three of the contests went their scheduled limit, while the other was stopped in the fourth round, when one of the contestants was on the verge of a knockout.

The principal event of the night was a 12-round bout between Dave Deshler of Cambridge and Tommy Loughrey, the Philadelphia lightweight. The latter won the decision after a splendid battle. In the semi-final Billy Nixon of Cambridge beat George Alger in six fast rounds. Eddie Donohue, of the battleship Ohio, beat Mike Connolly of South Boston in six rounds.

Eddie Conley of Everett, substituted for Peck Le Favour of Brockton, and made a great showing against Joe Nelson of Lawrence. Conley jumped in off the reel and gave his heavier opponent a trouncing for four rounds, but couldn't stand the pace, and the bout was stopped in the fourth round to save Conley, who was helpless.

The program for next week was announced as follows: Jack "Twin" Sullivan v. Frank Klaus, Dan "Twin" Sullivan v. Vernon Austin of Canada, and Kid Shay of Maine v. Frank Madole of Pittsburgh.

Jack Johnson was introduced and made a very clever five-minute speech. It was the same speech that he makes at the Howard daily, and the colored heavyweight made a decided hit.

Matty Baldwin and Owen Moran have been matched to meet at the Army A. A., Boston, Tuesday, Jan. 25.

At a banquet at which the color line was drawn barring "all white guests," Sam Langford, the Boston negro, was toasted as "barrier champion of the world" by brother Africans in Memphis. Langford was then accompanied to the

train by an escort of honor. He left for Philadelphia to witness the Kaufmann-O'Brien fight.

Edward Healy, chief of police of San Jose, Cal., arrived in New York Monday with \$50,000 given to him to place on the Jeffries-Johnson fight. He went to the district attorney's office to call upon Detective Fitzsimmons, forgetting he had left the money under the mattress of his bed in the Hotel Albany. Mary O'Neil, a claimer maid found the money and it was returned to Healy.

Federick Glynn, John T. Power of St. John, the referee and former heavy-weight fighter, while in the city a few days ago, expressed the view that Jeffries will "come back" for his fight with Johnson.

"Jeffries," said Power, "is the first man who ever retired as undefeated and tried to come back. That's different to a has been."

Mr. Power thinks trial fights would do Jeff good.

In a scheduled 12-round bout before members of the Lakeside A. C. Webster, (Mass.) Wednesday, Jerry Gaines of Cambridge, won in the first round over Maurice LeMayne of Webster, on a foul after two minutes of ragged work.

Mr. Webster, who was sent a letter to give the members a run for their money, the boys agreed to re-enter the ring. On the second exhibition Gaines won again on a foul in the first round.

Baseball

When the rules committee of the National and American Leagues met in Pittsburgh on Jan. 24, President Thomas J. Lynch will offer an amendment to the code which, in his opinion, will do away with a large share of the umpire's troubles.

President Lynch, an expert umpire himself, recently sent a letter to each man on the National League umpire staff, asking for information as to the causes of some of the disorders on the ball field. He has since received replies from the umpires, and when asked about them he said:

"The umpires show that the umpires have practically little friction with the players actually engaged in the game, and that the present trouble is caused by the coaches and the players on the benches. The rules against kicking on the ball field are clearly drawn and can be rigidly enforced. There are ironclad rules governing the coaches, too, but in looking over the code I find that there is nothing to prevent the misconduct of players on the benches."

"An umpire has a hard time watching the player on the field, so that the umpire fellows on the bench can do as they please."

"But I am going to provide a remedy for this. I can't say what it is, but I am going to submit it to the rules committee with the idea that both leagues will adopt and enforce it."

Think of teams having twenty-six pitchers. This is the list of the Cleveland club, who are the only team in the league with more than twenty-five pitchers: E. H. Evers, Young, Ebbetts, Berger, Falkenberg, Sitton, Otis, Mitchell, Winchell, Ables, Gregg, Harkness, Koester, Boice, Doane, Patrick, Kent, Linker, Wright, Gough, Robinson, Touchstone, Baskette, Griffin, Kirech and Van Siclie.

The Turf

The Grand Circuit racing season for 1910 will open in Kalamazoo, Mich., on July 25. This will be the first time since the organization of the grand circuit, fifteen years ago, that the programme has been started outside of Detroit. An application from New York city for membership in the organization has been accepted.

The dates for the races in the different branches of the circuit, as approved by the stewards are:—

Kalamazoo, July 25 to 29; Detroit, Aug. 1 to 5; Cleveland, Aug. 8 to 12; Buffalo, Aug. 15 to 19; New York, Aug. 22 to 26; Readville, Aug. 29 to September 2; Hartford, September 5 to 9; Syracuse, September 12 to 16; Columbus, September 19 to 23; Robert N. Newton, of Billings, Mont., was chosen presiding judge for the season.

The stewards have elected H. K. Devereaux of Cleveland, president; William R. Engleman, of Kalamazoo, vice-president; and George Dietrich of Cleveland secretary-treasurer.

Twelve races were decided at the Charles River Speedway, Boston, on Tuesday afternoon at the snow machine of the Metropolitan Driving Club, and the time made the quarter-mile races was creditable, considering the conditions. The footing was fairly good, but a strong cross wind blew in the faces of the horses.

Billy Ross made the fastest time of the trotters, doing two heats in 33 and 33 1/2 seconds. He defeated Billy Ross in the second heat 18, 18, but had to give way to the Dorset trotter in the third and final heat.

Prince Medium made the fastest pacing time, coming down the stretch in the Class H pace in 31 1/2 seconds. In the opening heat, Edwin S. won the race. No time was taken in the final heat, as the starter claims that Frisbie S. and Onward March were five lengths ahead when the paces started. The two horses were set back, although Frisbie S. won the heat.

The veteran horseman, Ed. F. Geers, is training his string of horses at Billings Park track, Memphis, Tenn., and he

FAT REDUCTION IS NO SIN

The purpose of Beauty is to refine the native smoothness of human nature. We all bow to its power. It is the only atrocity that has no nihilist shadow. Alas! this means that fat woman must serve instead of rule, for beauty in woman is a composite of both line and feature.

Thousands of fat women are beautiful of face. But they lag behind in the race for preference—because a too ponderous outline shades the favor their face has gained them.

Now, pretty fat women can reduce that fat (not the good pure-lined flesh) in a very simple way. No exercise—no dieting is necessary. Let them take one Marmola Prescription Tablet after each meal and at bedtime for a month. The fat will simply fade. No wrinkles or pouches of skin will form, but the less will be uniform. The fat will go as stealthily as it came; fade away. The health will improve, the wit sprightly. Marmola Tablets are a boon—and harmless because made from the famous fashionable beauty foods of the world.

Ex. Casaca Aromatic, 4.34 cts. Pepper-mint Water, and are likewise cheap, a large case of the drugless Marmola Tablets, 112 Farmer Bldg., Detroit, Mich., costing only seventy-five cents.

thirty-three head from which his campaigning material for 1910 will be selected.

The greatest improvement seen in any horse in the last trotter Demarest, and this was brought about by "Pop" reducing the weight on the horse, with shoes as light as six ounces in weight, which made him an entirely different horse, stepping a mile in 2:07 and the last half in 1:00.

The Harvester looks just what he is, the king of trotters, and "Pop" old breadwinner, Walter Direct, 2:05 1/2, looks as if he will stand training.

Hockey

The record of the Stanley Cup matches for the past two years is as follows: 1907—Shamrocks won A. H. A. and Stanley Cup. Shamrocks defeated Winnipeg Victorias in three matches, 4 to 3, 10 to 2 and 5 to 4. Shamrocks defeated Halifax Crescents 10 to 2 and 11 to 0.

1901—Winnipeg Victorias defeated Shamrocks 4 to 3 and 2 to 1.

1902—Winnipeg defeated Toronto Shamrocks 5 to 3 and 5 to 3.

1903—Winnipeg lost two out of three matches to Montreal, scores 1-0, 0-5, to 1 to 2. Ottawa won the C. H. A. and the cup. Ottawa defeated Portage 6 to 2 and 4 to 2.

1904—Ottawa defeated Winnipeg R. C. two out of three matches, 9-1, 2-6, and 2-0. Ottawa defeated Marborough 7 to 2 and 10 to 4. Ottawa defeated Brandon 6 to 3 and 9 to 3.

1905—Ottawa defeated Yukon 9 to 2 and 10 to 2. Ottawa defeated Portage two out of three, 4 to 2, 4 to 2, and 4 to 2.

1906—Ottawa beat Kenora's 16 to 7, and 1907—Ottawa beat Smith's Falls 6 to 3 and 9 to 2.

1908—Wanderers took cup, winning E. C. H. L. championship. Wanderers defeated New Glendon 4 to 2 and 7 to 2. Kenora won from Wanderers 4 to 2 and 6 to 2. Wanderers won from Kenora at Winnipeg on points 7 to 2 and 6 to 2.

1909—Wanderers defended cup against Winnipeg Maple Leafs, 11 to 5, and 9 to 3. Wanderers beat Toronto 9 to 6.

1910—Ottawa defeated Portage 10 to 2 and 11 to 2. Ottawa won the C. H. L. championship.

1910—Ottawa defeated Galt 12 to 3 and 3 to 1. When the St. Francis Xavier's college hockey team lines up before the famous Harvard team on February 5, a battle royal can be looked for. St. Francis Xavier's team is being trained by E. C. H. L. of the university. "Toby" Macdonald, the great Cape Breton goal tender, will defend the net, and "Bomber" Chisholm, the famous New Glasgow forward, will hold that position for the Xaviers. The candidates for the team are being trained by Rev. Dr. Hugh MacPherson and A. D. Campbell.

George Pope, captain of the Sherbrooke hockey team, has dropped out of hockey and will not play again. Twelve years ago he played his first senior game and since that time has played in every senior game.

Efforts are being made to get a hockey septe from among the scribbles to play a team from the St. John's area. The continental Railway, in the Queen's Rink on Saturday night.

Bowling

St. Joseph's Won All.

One of the best games yet rolled in the Inter-School Bowling League was played last night between the St. Joseph's and the C. M. B. A. teams, the former team taking all four points by close margins. The first string ended in a tie and in the roll-off the St. Joseph's team proved victorious. The score was as follows:

| St. Joseph's. | Total. | Avg. |
|---------------|--------|------|
| Griffith | 90 | 90 |
| Gale | 85 | 79 |
| Phinney | 82 | 79 |
| Sweeney | 75 | 76 |

| Broke Records. | Total. | Avg. |
|----------------|--------|------|
| 296 | 313 | 316 |

The Electric forfeited four points to the Tigers by not putting in an appearance in the Commercial League game on Black's alley last night. Although the opponents did not show up, the Tigers went in and rolled up the highest score yet bowled in the league, 1328. Not satisfied with breaking one record they also smashed the record for a five-man string, hanging up the handsome score of 489. Not wishing to remain at that, one of the team, H. Belen, went after the record for the best single string, which was held by Harry Black with 119, and bowled 130.

Montreal, Jan. 13.—(Special)—The expected happened when Ottawa defeated All Montreal this evening in the Canadian Hockey League game at the Arena, but no

DRESSED AS MAN, WAS A SOLDIER

Woman Veteran of Civil War in States Dead at Age of 78

COST OF LIVING

Call for Convention to Consider it—Publicly Urges Pardon for Morse—Labor and the U. S. Elections—No Clue to Slayer of School Boys

Deadwood, S. D., Jan. 13.—Henrico Livingston, 78 years old, a recluse and a veteran of the Civil War, who died male

active and became a recluse in the union army with her husband, serving through most of the war, died here today. Her husband was made a captain in the union army.

New York, Jan. 13.—A call to all the Chambers of Commerce in the country for a convention to consider the advanced cost of living is under consideration by James Wilson, United States Secretary of Agriculture, according to announcement given tonight by Secretary Pratt, secretary of the New York Chamber of Commerce, in a speech delivered at the annual banquet of the Chamber of Commerce.

Mr. Pratt was speaking of the service done the government by Chambers of Commerce.

Washington, Jan. 13.—A convention of the Chambers of Commerce of all the large cities to take some step to investigate the cost of living and the reason for higher prices of foodstuffs is not an improbability.

Such a course has been suggested as an adjunct of the investigation which Secretary Wilson of the department of agriculture has proposed.

New York, Jan. 13.—A pardon for Chas. W. Morse the banker who has now begun serving a fifteen-year sentence at the federal prison at Alcatraz, Cal., was publicly urged tonight by James T. Rogers, a former assemblyman and well known citizen of Binghamton, N. Y., at the annual banquet of the Hotel Men's Association.

"I have admiration for his high sense of integrity and his steadiness for the right," Mr. Rogers said, "and would like to see the heart of the nation more to have the present reach out a helping hand to one who has been so long in prison."

Mr. Rogers said that he was already abundantly stoned and grant a full pardon to the plucky little man now languishing behind the walls of that Alcatraz prison."

Washington, Jan. 13.—Labor is preparing to take an active part in the coming congressional election. All organizations affiliated with the American Federation of Labor are to be urged to prepare the measure for the coming fight. A resolution recommending such action was adopted today by the executive council of the federation in session here. Endorsement was given by the council to the eight-hour bill introduced by Representative (Gardner) of Massachusetts; also to his bill to regulate convict labor and to the bill of Mr. Sprague of Mississippi to protect the rights and interests of seamen.

In regard to employers' liability and workmen's compensation, the American Federation of Labor will be placed in the same position as the citizenry would be in the event of a strike.

Princeton, N. J., Jan. 13.—Princeton, it was announced tonight by the board of trustees, has received \$371,631 in gifts received since the death of the late Morris K. Jessup of New York.

New York, Jan. 13.—The proposed new election law in New York is in many respects the most important piece of constructive legislation that has been submitted for consideration by the legislature for many years. The bill is a masterpiece of compromise, and the vagueness and ambiguity in many respects, mischievous phraseology of the so-called Sherman anti-trust law, it is a positive relief to consider the draft of a statute which substitutes for mere destructive prohibition, a legislative programme whose purposes are constructive.

James M. Peck formerly assistant United States attorney general and recently elected general counsel of the American Sugar Refining Company, had this to say in regard to President Taft's proposed federal corporation law.

New York, Jan. 13.—Arthur Shibley, Jr., the six-year-old schoolboy who was shot at play yesterday afternoon by a black-leathered man, was barely alive tonight. His mother has offered her blood for transfusion into his veins. The boy was taken to the hospital, where he is in addition to the shock and the danger of possible complications, he is greatly weakened by hemorrhages. His playmate, Robert Leonard, who was shot at the same time, was instantly killed. There is no clue to the assassin. Arthur was conscious this afternoon and made a brief statement.

He had never before seen the man who shot him. This is how he tells of the shooting.

"Hello, little boys," he said. He had two pistols, one in each hand and started to fire at us. Robbie ran toward the

one imagined that the scare would be what it was—15 to 2.

The shooting was a rattling good game, with the score 4 to 3 in favor of Ottawa, but in the second half Montreal went to pieces and Ottawa hit in six straight hits, and Montreal got another. After that interest was gone out of the struggle.

Soon after the start of the game, Marks of Montreal, had his nose broken. Roberts was taken off to even up. He returned to the ice later and played but not very.

Skating

St. Croix Courier Thursday: The Times-Register was the first to consider the question of building a skating rink on Montreal, and he has been broken. There was a goodly number of the members present. The question of whether it was most desirable to build a rink alone or to add bowling alleys and club rooms was freely discussed and the unanimous opinion of those present seemed to favor the latter proposition.

Sport Briefs

The Portlanders won from the Y. M. C. A. team in the senior basketball league last night by a score of 46 to 6. The Ozar's defeated the Pharos in the Y. M. C. A. basketball series yesterday. In the Class "C" league the Caribous took a relay race from the Moose by default. A visitor to the city yesterday was H. O'Rourke, a well known base ball magnate and boxing promoter and literary man of Brooklyn.

Three rinks of the Halifax curlers won from Moncton in Halifax last night in a McEllen cup match.

ECZEMA CURED THROUGH THE BLOOD

By the Aid of Dr. Williams' Pink Pills—That Wonderful Tonic Medicine

Eczeema or salt rheum is a disease of the skin which shows itself in small, red, watery blisters—these blisters break and leave a scale which may be rubbed off by the hand. The affected parts are intensely itchy and the victim cannot bear the touch of any article of clothing over the parts.

The disease is caused by bad blood and must be cured through the blood. Dr. Williams' Pink Pills have cured many cases of eczeema simply because they are the one medicine that acts wholly on the blood—the seat of the trouble. Among those cured by these Pills is Mrs. Chas. Davidson, of Amherst, N. S., who says:—"I suffered greatly from salt rheum or eczeema and my hands were entirely healed. I am very grateful for what the Pills have done for me and would advise other sufferers from this trouble to try them."

What Dr. Williams' Pink Pills did for Mrs. Davidson they have done for many other cases of eczeema and salt rheum but for eruptions and pimples, chronic eczema, scrofula and all other maladies which arise from poor blood of the system. They cleanse the blood of all impurities and leave it clear, red and health-giving. The Pills are sold by all medicine dealers or direct by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE GEM.

As was promised through the press, a strong programme will be offered at this theatre on Friday and Saturday. The management have kept their word. The programme consists of more than 4,000 feet of action. The subjects are full of life and action.

The feature film is called An Italian Love Story. It is a tale of love, life, and the passionate Italian scene and knows if it is a drama of the heart.

The Results of the Races, deals with the inner circle of the turf, more than 1,000 feet in length, and shows some of the greatest racing stables in America. The scenes continue from the training quarters to the end of the race.

A comedy "The New Water," is not one of the ridiculous type, whose comedy consists of slap stick, but one whose natural mistakes cause no end of trouble for the victims and fun for the spectators.

Lost, the child hero, "The Little Saver," is given for the little ones, and may well be imitated by their elders. It is a pretty and pleasing child story for young and old. Mrs. Gibson in new songs completes the programme.

CHILDHOOD INDIGESTION
MEANS SICKLY BABIES

The baby who suffers from indigestion is simply starving to death. If it takes food it does the child no good, and it is cross, restless and sleepless, and the mother is worn out caring for it. Baby's Own Tablets always cure indigestion, and give the little one healthy natural sleep. Mrs. A. P. Dugan, Lower Sabin, N. B., says:—"For severe cases of indigestion I think Baby's Own Tablets are worth their weight in gold. My little one suffered terribly from this trouble and the Tablets was the only thing that removed the trouble." Sold everywhere at 25c, a box by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

HARD COLDS—People whose blood is pure are not nearly so likely to take hard colds as are others. Hood's Sarsaparilla makes the blood pure; and this great medicine recovers the system after a cold as no other medicine does. Take Hood's.

AMUSEMENTS FOR
OURSELVES AND OTHERS

SOWING THE WIND.

Sydney Grundy's great society play, Sowing the Wind, will be the attraction tonight and Saturday night at the Opera House. Some years have elapsed since the famous drama has been presented in St. John. In view of the success it attained at that time large audiences will doubtless witness the two performances. The story is vitally interesting. It is this type of play that goes toward the elevation of the stage. No one can possibly fail to be deeply impressed with Sowing the Wind and the great lesson it teaches. The wonderful sex against sex battle of words in the third act is a triumph in dramatic construction. This particular scene is conceded by eminent critics to be one of the greatest ever written.

As Rosamond Athelstan, the concert singer, Miss Warren is said to be at her best. It is one of her favorite roles, and it is claimed has won unstinted praise from press and public in each city where she has played the part. Sowing the Wind has been secured, it is said, on a very performance of the Two Orphans will be given Saturday afternoon. Ladies and children are invited to see this drama in dramatic light after the entertainment.

GORDON HIGHLANDERS AT NICKEL

Friday and Saturday patrons of the Nickel will be regaled with the most stirring war picture, of a good old British type, yet made into modern pictures, in the spectacular Selig film. The Gordon Highlanders' Defence, a thrilling episode of the Boer war in South Africa. This is a story of two Scottish lads who enlisted with a Highland regiment and went to the scene of strife, distinguished themselves there for their exceptional bravery, and dogged perseverance. The engagement at Spion Kop will form a sensational climax of this picture and a thread of a love story will add that very requisite touch. Then will come what is considered to be one of the best English melodramas of the

STOP AND THINK

**Money Saved is
Money Earned**

Coady's Big Shoe Sale

is still in progress and meeting with the approbation of a discerning public.

To place a 10,000 dollar stock of Boots and Shoes upon the market during the dulllest month in the year and bring out crowds of buyers from all sections of the city demonstrates the drawing powers of genuine bargain offerings.

For Saturday's trade, special snaps have been provided, bigger and better bargains brought forward, special salespeople supplied and arrangements completed to handle an immense rush.

The only suggestion we would make is that as many as can so arrange matters should visit the sale in the morning, so as to avoid the rush in the afternoon and evening. Remember—the goods must be sold as we are positively going out of business. No goods on approval.

Cash Only.

61 Charlotte St.

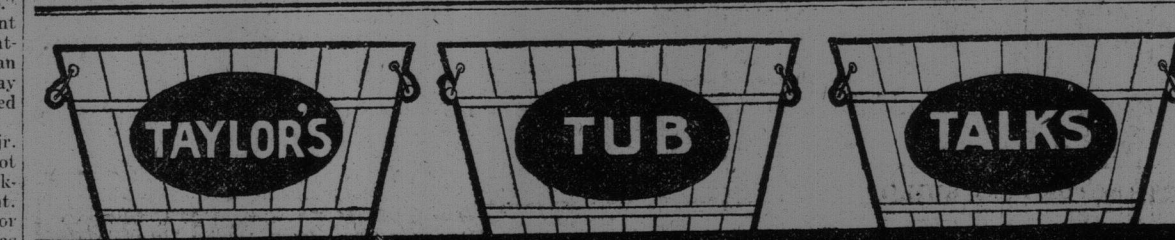

THE TUBERCULOSIS FIGHT

Rev. T. Hunter Boyd addressed another large meeting in the Market Theatre last evening, on the Prevention of Tuberculosis.

This was the last of the two meetings which were to be held in that building. This closes Rev. Mr. Boyd's campaign in this vicinity. From now on the work will be carried on by the St. John City and County Association for the Prevention of Tuberculosis.

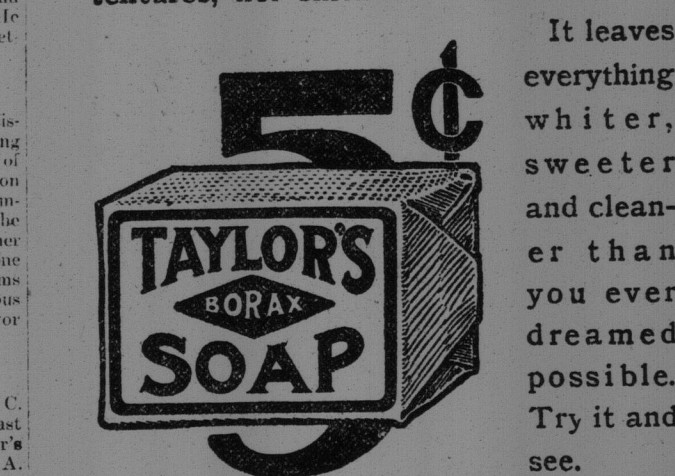

At stated intervals throughout the year, due notice of which will be given. The St. John City and County Association will have their headquarters in the Board of Health rooms.

An anti-tuberculosis league for Kent county was organized in Richmond on Wednesday night following an address by Rev. T. Hunter Boyd. The officers are:—Hon. Dr. Landry, president; Councilmen Brown, J. F. Robideaux, sec-treas.; H. M. Ferguson, Dr. J. W. Doherty, Dr. T. J. Bourque, M. P. Dr. R. G. Givon, Dr. Fairbanks, Dr. King and C. Atkinson. Sheriff Johnson, ex-Sheriff Leger, Father Martineau and Theodore Langis, executive

Don't Boil Clothes

It isn't necessary—it's expensive and it means doubling your work. You don't have to boil clothes when you use Taylor's Borax Soap, for it dissolves and removes the dirt in a jiffy—yet it never harms the daintiest textures, nor shrinks woollens.

It leaves everything whiter, sweeter and cleaner than you ever dreamed possible. Try it and see.
