The greatest strength of the world's best wheat is in the bread baked from

PURITY FLOUR

"MORE BREAD AND BETTER BREAD"

YES! OUR MEN'S SUITS ARE WORTH CROWING ABOUT

Come in and we'll show you the reason why. Prices: \$7.50 to \$25.00

H. N. DeMILLE
199 to 201 Union Street - Opera House Block

Mothers!

That precious little morsel of humanity for which you paid the price of motherhood; that jewel of your heart dearer to you than life itself; that joy, that climax of your whole existence. Your baby, your own baby.

We know you realize as only a mother can, the grave responsibility that is yours. We know there is no care you will not take, no sacrifice you will not gladly make to fan that little flame of life into a glowing blaze of health and vigor. But do you know, do you realize that the Demons Dust and Dirt are trying to take that little life away from you?

Those chubby little hands that pound upon the carpet floor breathe the Demon of Dust.

Isn't any cleaning device that does not raise the dust worth its weight in gold to you?

The Electric Sweeper—Vac. makes no dust.

It gets ALL the dirt. For if you wish sanitary conditions, call at our show-room, and we will explain to you how to buy a Vacuum Cleaner on easy payments.

At a meeting of the Bricklayers' Union last evening, a resolution was adopted to give every support possible to the plumbers in their strike.

St. Luke's senior cadet corps had a splendid marchout last evening. About forty of the boys later sat down to supper and enjoyed a social evening. A series of toasts were proposed and much credit was given Sergeant Dose for his management of the corps during the year. Addresses were delivered by Rev. E. A. Green, Sergeant Dose and Lieutenant Riley. The senior and junior corps are now preparing for the annual display.

A memorial service for the late Sergeant Percy Till was held in St. Paul's church on Sunday in the presence of a large congregation. Rev. J. W. Millidge officiated and spoke feelingly of the death of Sergeant Till and of his full consciousness of the duty he owed to king and country. In addition to the members of the congregation present there were a number of the employees of the New Brunswick Telephone Company who were an employee prior to the war. They occupied seats in the body of the church. The choir under the direction of Percy Bourne sang appropriate hymns.

With the exception of taking a vote on the \$125,000 appropriation for a new nurses' home and a maternity wing for the General Public Hospital, the business of importance, aside from the routine transactions, will be taken up this afternoon at the meeting of the municipal council. The question of making provisions for returned tubercular soldiers is still unsettled, and it is quite probable that this will come up for some discussion this afternoon. Several recommendations will be submitted by the finance committee, but other committees of the council are believed to have no special reports to make.

The boys of the Rothsay Collegiate School—severely strung—have volunteered for farm work after school hours. The need for increased production and the existing shortage of labor have been considered by the school directors from the patriotic standpoint and yesterday afternoon the school presented the case to the boys for consideration. Later on, after they had talked it over among themselves, they called the roll and nearly every boy in the school volunteered. They will work after school hours on the school farm and on the farm of a resident nearby, in parties of twenty, doing whatever work they are fitted for. They will be given some time for recreation. Other details are to be settled. Work is to begin at once. The boys are an enthusiastic and athletic lot, and their actual work as well as their example should be most valuable.

RIBOT TELLS ALLIES VICTORY IS CERTAIN

French Premier Assures Parliamentary Convention War is Approaching Climax

Pays Tribute to America—Addresses Cordial Homage of the Delegates to the United States

Paris, May 8—Alexandre Ribot, French premier, in addressing representatives of the British, French and Italian parliaments in an international congress here, referred to the significance of the gathering of delegates from countries representing liberal ideas and expressed the hope that the United States, Russia, and other Entente Allies would soon join in the manifestations of allied solidarity. Referring to the status of the war today, he said:

"While the war is unfinished, it is approaching its denouement. The enemy is still struggling desperately, but we can feel his gradual exhaustion and disorganization. A calm examination of the military situation shows that a great change is about to take place. We have won within a year. Then we were meeting the German offensive by the value of our forces at Verdun."

"Now it is no longer they but we who are attacking. We boast of a strategic victory, but they are broken at one point, compelling a hasty formation of new lines of defense."

"We press them at the same time as do our valiant British allies. They are forced to bring up all their reserves against us and all their heavy artillery, but despite their efforts they are forced to yield steadily before us."

"More than 400,000 prisoners and 600 cannon taken in the last few weeks attest the magnitude of our success and the extent of the enemy's defeat. We shall soon see the same unity of action on other fronts and the same success, owing to the tenacity and valor of the united allies along all the fronts."

"The entrance of the United States into the war confirms our certainty of final victory. Germany feels it, and that is why she multiplies her manoeuvres to obtain immediate peace. Certainly we wish peace as much as any one, but we do not want a peace which leaves us the same problems that brought on this war and which this war should forever settle. We have accepted so many sacrifices in order that our children may not have to begin the same struggle again tomorrow. If so many of our children have fallen it is for the defence of the world."

"Certainly we have no thought of oppressing any people or a nationality, even that of our enemies of today. But can we be blamed for wishing to destroy that oppression which has weighed so long upon the world, and for wishing also guarantees, with restitution and compensation, and chastisement for the authors of crime against humanity which are the shame of this war? After victory we will call to our allies not vengeance, but justice alone."

"Doubtless it is necessary still to struggle and suffer the sacrifices the governments of the countries engaged in the war are obliged to ask, and also in neutral countries they will become greater and harder as the war approaches its climax. We are sure these sacrifices will be accepted in good heart. While our enemies have troubles which they seek to conceal within their frontiers, tran-

TURKS THREATEN WHOLESALE MASSACRE OF JEWS IN PALESTINE
London, May 8—Serious news of threatened massacre of the Jews in Palestine has been received by the Jewish Chronicle. The paper says: "Not alone has hunger and disease so preyed on the Jews in Palestine that thousands are literally starving without the possibility of obtaining food, but the Turkish government appears to have entered upon a course of calculated brutal ruthlessness against our people. The Turkish governor, Djemal Pasha, has proclaimed the intention of the authorities to wipe out, necessarily the Jewish population of Palestine, his public statement being that the Armenian policy of massacre is to be applied to the Jews."

Iron is Greatest of All Strength Builders, Says Doctor
A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Deficient, Nervous, Run-down People 100 Per Cent Stronger in Two Weeks' Time in Many Cases.

New York, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating but useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to ignominious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. E. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents is widely prescribed by eminent physicians everywhere. Unlike the other iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such confidence in Nuxated Iron that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 40 who lacks iron and increase their strength 100 per cent or over in four weeks' time provided they have no gross organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Wasson's Drug Store and the proper form. And this after they had

in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or iron ore simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to ignominious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. E.
