## In the Financial World

## WALL ST. CONTINUES TO BE BUSY SPOT

Large Volume of Trade and Higher Prices Persist

New York, Nov. 20—(Wall street opening)—Stock prices resumed their upward movement at the opening of today's stock market despite a continuation of profit taking in some of the popular industrials and rails. Trading was again in large volume. Initial gains of a point or more were recorded by Missouri Pacific pfd., Marland Oil, Frisco common, Bayuk Bros. and General Electric while Kansas City southern, Chicago Greatwestern common, Ontario and Western, Replogle Steel and Fairbanks Morse broke through their previous high levels for the year.

Alcohol Again Active.

Montreal, Nov. 20—Early trading on the local stock exchange this morning was featured by Alcohol, which was by far the most active stock, more than 800 shares changing hands during the first fifteen minutes. The price, however, remained steady at 19. Another feature was Dominion Bridge, which rose a point to 75. Montreal Power and Price Bros. were weak, each falling off a half to 182 and 36 respectively. The paper group, with the exception of the latter issue, received no attention. The balance of the list was unchanged though there was a good market for Brazilian and Twin City. These stocks sold at 54 3-4 and 50 1-2 respectively, their closing prices. their closing prices.

Montreal, Nov. 20—Cable transfers, 462 3-4.

WAS SHORT OF WATER.
Several houses in Elliott Row were without water for a time yesterday while connections were being made between a new main in Princess street and the Pitt street main. This resulted from the fact that at the time the high and low water levels were maintained these houses had been connected with the high level main in Pitt street. Only a few homes were affect.

## Financial Romance of World War Ends, In a Tragedy

London (By mail to United Press.)—
The suicide, here, of John Q. Rowett, backer of the last Sheckleton expedition to the South Pole, has ended one of the great financial romances of the war.
Rowett in 1914 was a dealer in rum in a fairly modest way. He wrote an order for six casks of it. A cerk in a wholesale office, misreading the order, made it six cargoes.

A month or two before the outbreak of the war, Rowett began to be deluged with rum. Thousands of casks came from all corners of the earth. Always a simple, straightforward man, Rowett threatened suicide rather than be thought dishonest when the bills came in.

Then the war started. Great Britain began raising an army that was to include altogether about 8,000,000 men. Regulations provided a daily ration of rum for each man. Rowell was the only man in the world who could furnish rum in sufficient quantities and he doubtained contracts to supply both the army and navy throughout the war.

The deluge of rum began a deluge of gold, and Rowett emerged a multimillionaire. He did not know what to do with the money. He made lavish

The Standard Creamery

**Under New Management** We would like to announce to the consumers and dealers in dairy products that we have recently purchased THE STANDARD CREAMERY and are now in a position to supply pasteurized milk and cream of the highest quality.

We have thoroughly repaired and and decorated this plant and would solicit the inspection of the most critical.

A FEW WORDS ABOUT OUR EQUIPMENT

We use glass lined pasteurizers, the only equipment of this quality in the city. The glass lining is easily and thoroughly cleaned which enables us to obtain the lowest possible bacterial count.

Our milk cooler, directly connected with the refrigeration plant is the most rapid and efficient that money can buy and adds greatly to the keeping quality of milk, as well as giving a distinct cream line. In a later issue we will tell about some of our other equipment. Teams distributing STANDARD Milk and Cream go to all parts of the city. If you are not getting STANDARD Milk 'Phone Main 2301 and one of our distributors will call on you.
