AGAIN IN TOILS

Frank Doucette Charged with Attempt to Steal From C. P. R.—The Sandy Point Road Case.

In the police court this morning, Frank Doucette was charged with attempting to steal from the C. P. R. in West St. John. He pleaded guilty and C. P. R. Policemen C. J. Kimmons and C. M. R. Doucette, said that the accused was attempting to get some of the contents of a barrel of liquor and had a wrench in his hand to open the barrel and he also had a bottle in which to put the liquor. The accused did not get any. It is said that the man was allowed out of jail on a suspended sentence of five years in April on a charge of stealing four feathers, the property of M. R. A. Ltd., so in view of this the magistrate said he would have to send him to the penitentiary for a term, but did not state how long. The magistrate said that since March 1, 1920 he has sent more men and women to the penitentiary from the police court than during the thirty years time he has been on the bench.

A case against Charles Ritchie, Albert and Thomas Connell, charged with breaking and entering and stealing from the summer home of L. R. Ross, Sandy Point road, to the value of \$100; also doing damage to the property of L. R. Ross, to the amount of \$600; stealing a horse and carriage, valued at \$200, the property of Cornelius Donovan; and also cutting wires and equipment, of the New Brunswick Telephone Company, was taken up.

Albert Connell is also charged with attempting to kill Cornelius Donovan, caretaker of Mr. Ross' residence. They were sent up for trial.

Thomas Connell is also charged with attempting to break jail, and on this count he was also sent up for trial. W. R. Scott was for the defence.

GOT ALL MIXED UP.

There has been a comedy of errors in connection with some of the Improvement Leagues in the city. Through a misunderstanding, announcement was made in the churches on Sunday that the annual meeting of the South End Improvement League would be held last evening instead of this evening, and quite a number of people assembled at King Edward school, only to find they were one day ahead of time. This morning by mistake a meeting which is to be held this evening to form a North End Improvement League was announced for tomorrow evening. Then meeting of the West End Improvement League was called for last evening without a definite announcement of time and place, and only three or four persons turned up. The East End Improvement League was the shining exception. It met last evening and transacted a lot of important business. Tonight the South and North Ends will get together, and Pres. W. E. Scully announces that a meeting will be held in City Hall, West End, tomorrow evening at which all lovers of baseball and athletic sports are urged to be present.

For the first time this session, Hon. G. H. Murray, premier of Nova Scotia, took his seat in the legislature yesterday and was given a warm welcome.

DAYLIGHT TIME DEPENDS UPON MERCHANTS?

Meeting to Be Held in Near Future to Decide Issue — Other Institutions Will Likely Follow Suit.

Apparently the "to be or not to be" of daylight saving time in the city this summer hangs on the action of the retail merchants. In conversation with a Times reporter this afternoon, F. A. Dykeman, vice-president of the Retail Merchants' Association, said that up to the present the association had taken no action on the matter, but that a meeting of the executive would be held in the near future to deal with the situation. The railways have announced that their regular trains will be run on standard time, but they are willing to conform to whatever action the business people of the city take. In banking circles this morning it was quite generally stated that these institutions could do nothing but fall in line with the scheme if adopted by the merchants. The school board have not yet taken action and are also awaiting the decision. It is said that the majority of the shopkeepers are in favor of the daylight time for the period adopted by the city council to govern the city departments, May 22 to September 11.

THE MAGGIE MILLER

Owners Reply to Statement Given Out by E. S. Carter Yesterday.

To the Editor of The Times:

Sir,—In this evening's issue of the Times at page 8 there appears a long article headed "Matter of Fares on Maggie Miller," which I think does not fairly deal with the situation, and I would like to place my position and the position of those who own the Maggie Miller before the public.

It is true we have a subsidy of \$2,500 and it is also true that we received \$2,000 for carrying bona fide residents from the west side of the river, but this money, especially the \$2,000, should not be charged to us as of the nature of a grant from the government. This amount was given to the people who must use the Maggie Miller to get to St. John with their teams and farm produce. True, under this arrangement, traffic increased, but not nearly in proportion to the cost of upkeep of the ferry.

After having had a consultation with E. S. Carter in his office, I notified him, on March 10 last, a statement of the earnings and expenses of the ferry for 1919, which showed a loss of \$1,679.84. Our gross earnings for 1919 were a little more than \$6,500, and our expenses were over that amount. In expenses we included an amount of depreciation and interest on the value of the ferry. Our fuel account was \$2,000, wages for four of a crew, including myself, \$3,000. For myself I received \$800 for my year's work for working nearly night and day seven days a week.

On the 5th of this month I made the following offer to Mr. Carter: 1. We are willing to run as usual with the increase on the transient traffic that you propose in your letter of the 21st ultimo, and the bona fide residents' charges raised to what the transient was last year, namely: Passenger fare to Summerville 10 cents and to Bayswater 12 cents; single team fare to Summerville to be 25 cents and to Bayswater 30 cents; double team fare to Summerville to be 35 cents and to Bayswater 40 cents; teamsters included with team. 2. We will rent the boat to the government to operate for \$3,500 per season. 3. We will sell outright for the sum of \$14,000.

In 1917 the government appraisers valued the Maggie Miller at a little over \$18,000. In 1914 we spent \$12,000 overhauling the ferry and it was on account of us having spent this enormous sum of money that the subsidy was increased to \$2,500.

The only difference between what we are asking and what the government wants to give is five cents on the teams alone and we feel that the government should comply with our wishes. In the whole season it would amount to about \$200—not much money to a government but a whole lot to those who are working night and day, rain or shine, in season and out, not for their own personal gain or emolument but to serve a farming community most disadvantageously situated. I have been thirty years serving the public from Millidgeville to Bayswater—ten miles for the round trip making the stops—and I think I may safely say I have given complete satisfaction to the public. The cost of running the ferry has increased tremendously. I have fuelled the boat for \$500 for the season, while last year it cost \$2,000 and in 1918 fuel cost me \$2,500. The boat has never paid a dividend, but year after year we have faithfully served our farmer patrons on the west of the river, and it is through no fault of theirs that the cost of operating has increased. All we want is a chance to exist, and I would like to point out the fact that different governments have built bridges costing hundreds of thousands of dollars to enable farmers to reach St. John from other portions of the province, but the farmer west of the Kennebecasis must depend on the ferry and pay his fare if the government won't do it for him.

We want to be square with the public, but at the same time we must have enough out of our work to live on and I feel this letter will satisfy the public that our case is a deserving one.

Thanking you, Mr. Editor, for your valued space, I remain,

Yours truly,
ROBT. W. WHITE,
Master Maggie Miller,
Millidgeville, N. B., May 10.

A Well Furnished Home Doesn't Mean Large Outlay!

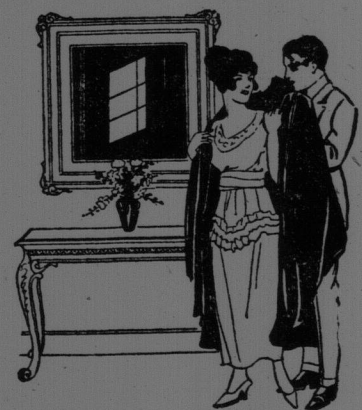

Having a well-furnished home need not mean a large outlay. Quality can take the place of quantity.

For modest outlay, a home atmosphere of quiet refinement can be secured with a few distinctive pieces, judiciously selected to give tone to the hall, library, living room or bedroom. They will be a lasting satisfaction and can be cherished as one of the many permanent things that enter into home making.

Those fortunate folk who best understand the meaning of "home" know that the articles selected must not only be fine furniture, but must also possess PERSONALITY, AND EXPRESS DIGNITY.

Every article—no matter whether it be a fine rug, a charming lamp, over-stuffed chair or a picture—must convey that indescribable characteristic that bespeaks dependability and masterful workmanship.

This has been the achievement of this store and we can assure you that every article selected from our floors will add to the beautification and enrichment of the home.
