FLAVOR-FULL

KING COLE ORANGE PEKOE TEA Undoubtedly there are degrees of flavor. Take Fruit for instance—you select an orange, and on cutting it you find it to be flavory, certainly, but sharp—acid; choose another, a riper more matured fruit, and it is luscious, the flavor is mellowed and rounded—it is FLAVOR-FULL. Nature made a better job of the second orange. Exactly the same is true of Tea. Nature is not equally kind to all. It requires expert knowledge and continual care to select and combine FLAVOR-FULL Teas to produce the delicious cup obtained from KING COLE Orange Pekoe. If you love your cup of Tea, unusual pleasure awaits you in KING COLE Orange Pekoe.

Children love Music - let them have it

CHILDREN enjoy music instinctively. Note how they cluster about a hurdy-gurdy. Long before the beauties of art and literature are unfolded to their budding minds they feel an intense pleasure from music. And yet many people have found that as they grew older their pleasure in music lessened. Why? Because they failed to cultivate this inborn resource. For your children's sake as well as your own you want

THE NEW EDISON

It will foster their love for music; develop it into a lasting source of happiness. This marvelous instrument brings the world's finest music right into your home. You can hear the voices of the great stars of Grand Opera re-created with such fidelity that a listener would swear that the artists were your guests. The Edison tone tests in which the living artists sang in direct comparison with their Re-Creations proved that no human ear could distinguish artist from instrument. You want your children to have every advantage. You want them to cultivate their taste for music. Call for a demonstration and bring the children with you. Phonograph Department—Second Floor W. H. THORNE & CO., LTD.
