SHORT JABS AT ALL 'ROUND SPORTS

Tom Jones is going to take Jess Willard abroad. This is a good time, as he won a battle recently, and he may get licked if he sticks around too long.

FULLERTON'S DOPELETS

Here's some dope, to figure on. Frank Smith's batting average with Baltimore is .000, and he used to be pinch hitter on the White Sox. Now compare the leagues.

Bush League Limericks
There was an infelder named Lynch
Who vowed that his job was a cinch.
He made (says the owner)
Six boots and a boner,
And struck out three times in a pinch.

The present standing of the clubs proves that, no matter how burn a prophet he may be, he usually is right one time during the season.

Regina, May 20.—The adverse conditions of 1913 seem to have had but little effect as far as the automobile trade is concerned. Since the end of April, 1913, approximately 1,200 new automobiles have been licensed in Saskatchewan, making the total number in use 7,200. On April 30, 1913, the number of licensed cars was 5,094, whereas on April 30, of the present year, the number of cars was 7,971, but of these about 500 have been cancelled.

Waltham Watches

When a friend stops you on the street and asks you for "the right time" you don't have to do any mental arithmetic—if you carry a Waltham Watch. Of all the watches in the world, Waltham Watches have the best reputation for telling the truth. More than half a century ago they won this fame for solid character and today "accurate as a Waltham Watch" is a phrase you are likely to hear in any country in the world. Ask your jeweler.

There are Walthams for as low a price as will buy a good watch, and up to as high a price as any one should pay.

Your Manly Strength "Nature" Book Free

My Free Offer to My Men and Young Men Readers.

My free offer is as follows: There are in existence today numerous creditable books relating to the much discussed sex science, and they range in price from \$2 to \$5, while my offer is given below is a free one.

I publish a little private compendium of 72 pages, pocket size, containing 8,000 words and 80 half-tone photo reproductions, which thoroughly covers the subject of sex, but only in its relation to manhood or vital manly strength, its legitimate uses its wanton abuses, its loss and the causes thereof, its possible self-restoration and its permanent preservation. These are the vital phases of the sex subject which I find to be of most interest to all men, young or elderly, single or married, and I have therefore put into this little self help book the very best that I can offer relating to that particular personal and private advice and information, which my 30 years' practical experience in this field has taught me men most seek, and through which they can get the most real benefit in respect to their own vigor and vital health. This, reader, is the book, and my offer to send it by mail, absolutely free of charge, in a perfectly plain, sealed envelope, to any man or young man anywhere who writes for it (see coupon below), and there is not a particle of obligation of any kind whatsoever involved in making this gift offer to you. Over a million of these books have been thus sent to men all over the world who wrote for them.

The reason why I can offer this illustrated sex book free is that in one part I include a description of a little mechanical vibrator of my own inven-

tion, which is for use by those of my readers who need some outside aid in the restoration of their manly vigor. However, that is a matter for each person to decide for himself. The book is complete and entirely independent of anything it says with respect to the vibrator. Therefore please use free coupon and get the book by return mail. You will find it a valuable adviser in many respects.

se of our day. Every man is entitled to be perfectly strong, vigorous and capable, just as nature intended he should, and if through the medium of my book I can show you how you yourself may become as vital, manly and forceful as the best man of your acquaintance, then I have merely given you a clear understanding of what nature is herself constantly endeavoring to tell and show you.

As to my vibrator, it may or may not be necessary in your own case, but if you want to use it after reading the description, I will gladly make some liberal proposition so you may get one to try. This vibrator, weighing only several ounces, is worn all night. It generates a soft, easy flowing FORCE which I call vitality. This FORCE enters your system at the small of the back, flowing thence through the kidneys, liver, stomach, bladder and organs, and diffusing itself to every part of the body. Over 200,000 Sanden vitalizers are now in use or have recently been used. It keeps up its gentle action while you sleep. Men everywhere have said it makes them feel better and stronger almost at once, that it often takes pain out of the back in a few hours, and 30 to 60 days' time is sufficient to restore normal vigor. With special attachments my vibrator is used by women as well as men, for rheumatism, kidney, liver, stomach, bladder disorders, etc.

If you live in or near this city, would be pleased to have you call. Hours, 9 to 6.
However, whether or not you ever use the vibrator, at least you want the free book, so kindly fill in the coupon and the book will go to you, sealed, by return mail.

CONDON STILL

Former Fredericton Pitcher Leads N. E. Batsmen

McPherson and Flaherty Well up and Duggan Last of the Twenty-six Leaders—Pitchers We Know

Batting in the New England League took a bad slump last week, and there are fewer men on the 300 class than is usual in midseason. Condon of Lynn, who was with Fredericton last year, maintains his place at the top, but his average dropped from .667 to .444. Fahey of the same club, who was the real leader a week ago made only one hit during the week, and dropped to 16th place. Whitehouse of Worcester, although losing 18 points, jumped from fourth to second place, and is followed by Strands and Ross of the same team in order. There are only 20 players in the 300 class, against 24 a week ago. Of this number Lynn and Duggan have five each, Worcester and Haverhill three each. Lowell two, Lawrence and Pitchburg one each and Portland none. Hugh Duffy's team of sluggers of last year seems unable to hit their way so far. Portland not being represented among the 26 leading batters.

Condon has played in five games. McPherson of Lynn, here last year, has a batting average of .378 in eight games. Flaherty, the Marathon's catcher last year had .364 for seven games. Pat Duggan, with Haverhill, has hit for .280 in eight games.
Among the pitchers Condon has won all his three games in the box. Dederich of Lynn has won two and lost one. Only his won one and lost one. Woodbury lost the only one he worked in.

EVANGELISTIC.

The work of reviving the churches and converting men and women is progressing very favorably at the Queen's Rink. Last evening Dr. Burrows preached a touching sermon on "Home." With God in the home everything was all right, but without God there was no real joy or satisfaction. His choir sang "Home Sweet Home," and Mr. Van Horne sang "Will the Circle Be Unbroken." Several expressed conversion. Dr. Burrows spoke in the Unique Theatre at noon, and in the rink at 3.15 p. m.

CANADIANS PORTRAIT AT THE ROYAL ACADEMY

(Times Special Correspondence)

London, May 8.—The portrait of R. B. Fudger, of Toronto, by Mr. Oppen, hung in the Royal Academy, receives praise from the critics, one of whom says: "A keen sense of humor and fine breadth of handling are to be noted in Mr. Oppen's 'Richard B. Fudger, Esq., of Toronto,' strangely attired in a Byron collar and frilled cuffs, and placed in the strange ambient, a compromise between studio light and open air, which Mr. Oppen has made his own."
Another says it is the third best portrait in the room.

A certain representative in Congress from the west is very fond of music and it annoys him to a degree that the opera to perceive the inattention of the audience.

One night when he had slipped over to New York to visit the Metropolitan, a friend found him supping at a Broadway establishment.

"I have been to the opera," said he, in response to the other's inquiry.

"What did you hear?"

"I heard," said the representative, "that the Twillers are going to get a divorce, that young Van Gilder has married an English barmaid and that Mrs. J. C. Spreckelmeyer is gradually pawning her jewels."

"Want a hair cut, sir?" "I don't believe in partiality. I want 'em all cut."
