PINK WILL KEEP UP THE FIGHT

Report Was That He Was Surrendering to Highway Board—Aid For Belgians—Railway Man Hurt

Street reports that Wm. Pink had decided to lay aside his weapons and surrender to the Lancaster Highway Board, appear to be without foundation, though it was said on good authority a day or so ago that such was the intention. The case will be continued this afternoon before Magistrate Allingham in the court house, proceedings commencing at 4:30.

This morning engineers were again on the job surveying the vicinity of the disputed territory and which ever way the decision of the court goes, it is evident that there will be quite a war fund expended before a final settlement is reached.

Last evening the Church Federation of Fairville called for subscriptions to aid the stricken Belgians, in response to a letter received by Rev. Gilbert Earle from the officials in charge of the matter. Lancaster has well done its part already in sending men to the front, and in contributions to the patriotic fund, but it is expected there will be a ready response in clothing, food and other necessities.

Arrangements have been made to receive contributions at the Fairville Drug Company's store in Main street and it is expected that the various congregations will be advised of the scheme from the pulpit on Sunday.

A peculiar accident happened this morning near the C. P. R. station, Fairville, about eight o'clock, when James Galbraith of West St. John, employed as yardman, fell on the track and injured his right arm so severely that it was necessary for him to be sent to the Public Hospital for treatment. He was first taken to the office of Dr. J. H. Allingham, where a cursory examination showed the injury to be serious and he was advised to enter the hospital. Mr. Galbraith fell quite near several men, who says that the accident happened in a very simple manner.

THIS IS ONE THE DOG CATCHER SHOULD NEVER LAY HANDS ON

Bull Pup Rescues Child From Death Under Wheels of Street Car

The gallant rescue of a little girl from beneath the wheels of a street car was effected recently at the risk of his own life by a bull pup which has, since the incident, been named to the rank of a hero in the estimation of the neighbors. The child is the daughter of William Golding of the Canadian overseas contingent and the canine hero is the property of Mrs. Annie McNeil, Brunswick street.

The youngster and the dog are neighbors and are great chums and the latter keeps a protective eye on his little charge. The child strayed out of her yard one day last week and was almost run over by a heavy delivery team. To escape it she dodged, but only to get in front of a street car, the approach of which she had not noticed. The pup bolted to the rescue, caught the youngster's dress in his teeth and jerked her to safety. As he did so, the pup bit him and hurled him through the air.

The child was safe but it looked like the finish of the dog. The pup, however, tender hands picked him up and carried him home where careful nursing has aided him to his feet. The pup has a bite on his head and has several injuries and he is now around again as chipper as ever wearing his breathing harness with the modesty becoming a real hero.

BISHOP TO BLESS NEW SHEDIAK CHURCH ON OCT. 11

Arthur Hamm Going From Moncton to Halifax—The British Trade Commissioners

Moncton, N. B., Oct. 2.—On Sunday, October 11, at two o'clock, Bishop LeBlanc will bless the corner stone of the new church in Shediac, Parish of St. Marys and Robichaud of Fox Creek will be speakers. A splendid reception is being prepared.

J. A. Marven Ltd., biscuit manufacturers are opening a branch in Halifax. The branch will be in charge of Arthur Hamm, who has been with the company here for several years.

The British trade commissioners expect to return to Sydney on Oct. 9. They will be in Halifax on Oct. 12 and St. John Oct. 13. If the work of the commission is finished at Halifax in sufficient time to allow of a visit to Moncton they will make a stay here.

Officials have not yet determined the extent of the damage caused by fire last night in the L. C. S. freight shed here. It was first reported the loss would be about \$15,000 but an official today said this was excessive.

BOARD OF TRADE NOTES

J. M. Fiewelling, secretary of the St. Stephen Board of Trade, replying to a letter of regret from the secretary of the St. John Board with respect to the loss of the St. Stephen shoe factory, says: "It is certainly a great blow to us, but within a few hours from the time the property was burned, we had made arrangements to use the exhibition buildings, temporarily, for the manufacturing of shoes while the town is rebuilding on the old site. We expect to be manufacturing within three weeks, which will show you the class of men that Messrs. Clark Bros. are. I can assure you that we greatly appreciate your good wishes."

A. W. Lockhart, Scott Road, Pettitcodic, writes the board of trade that he can supply from seventy to eighty carloads of pit props, spruce, pine, tanbark.

Boban Bros., Bath, N.B., say they could supply half a million feet of pit props if freight rates would permit of a profit.

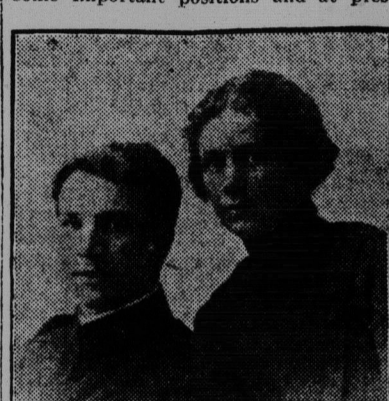

Fowler & Fownes, of St. Martins, write that they are in a position to furnish a large quantity of the same class of material.

A gentleman in Edinmont has written for information on freight rates for nine props from that point to St. John.

NEW COMMANDERS OF CHARLOTTE STREET SALVATION CITADEL

Captain and Mrs. F. Ham Appointed—Come Here From Yarmouth

Captain and Mrs. F. Ham have taken charge of the Salvation Army Citadel in Charlotte street. Captain Ham's father and mother were among the early day officers (Canada and before) to open the work. They had command of some important positions and at present

CAPTAIN AND MRS. HAM

are in charge of the young people's work in Dovercourt street, Toronto. Captain and Mrs. Ham were transferred from London, Ont. to Yarmouth more than a year ago and now they come to St. John bringing an excellent record of work done at each command. They will hold their first meetings here on next Sunday.

The Yarmouth Daily Post says:—"It was with deep regret that we learned of the impending departure of the captain and his wife for a field of larger endeavor. During their stay in Yarmouth they have won the affection not only of the members of their own organization, but all the people."

"Captain Ham possesses one of those winsome personalities which cause men to turn instinctively to him in times of sorrow and affliction. And of Mrs. Ham, one word describes her personality—charm. She has been a devoted companion in her husband's endeavors; his ways have been her ways, his work has been her work."

"Their many friends extend felicitation for the work so well performed here and also wish them success in their location. Ave et vale."

WHY THE MILLITIA BILL WAS CUT DOWN

The explanation of the reduction of \$800 in the bill rendered to the city for the services of the militia during the recent strike has been given by Mayor Frink and proves a very simple one.

Some of the copies ordered out at that time put in their bill for the service of their men for three days on the grounds that the men were broken down if not entirely devoted to the work. The city recorder advised that they were not legally entitled to the money.

REDUCTION IN WESTERN UNION CABLE RATES

The Western Union Telegraph Co. announces a reduction in cable rates to points in the British West Indies and Guiana, effective on Oct. 1. The new rates are thirty-six cents a word to all points eastward and which must be written in plain language, will be accepted at half rates. The following table shows how great a cut has been made in the rates:

Old rate.	New rate.
Antigua \$.81	\$.36
Barbados81	.36
British Guiana 1.12	.36
Dominica77	.36
Grenada80	.36
Jamaica48	.36
St. Croix 1.02	.50
St. Kitts89	.36
St. Lucia85	.36
St. Thomas96	.50
St. Vincent86	.36
Trinidad58	.36

THE CASE AUTO CASE

The case against Arthur J. Cotter charged with violating traffic bye-laws in regard to automobiles, was again before Magistrate Ritchie this morning and further postponed for witnesses. The magistrate promised to give judgment on Monday afternoon. Harold T. Draper, chauffeur, and F. C. Wesley one of the owners of the car, were witnesses and Detective Lucas announced that all his evidence was in. Mr. Cotter was then asked if he had any more witnesses. He replied that he thought the case "had been pretty well summed up," and that he would not like to delay it longer but there was one more witness whom he would like to summon if he could locate him but thought it was no use in bringing him, as he was a minor. The magistrate explained that minors sometimes make the best witnesses and he adjourned the case till Monday to give him a chance to have this witness. After the evidence of Draper had been given, Policeman Ross informed the magistrate that Cotter had been making signs to the witness to which Cotter replied that he did not think the witness had gained much information from him.

LINEN SHOWER

About forty young ladies, friends of Miss Vene Linton of Bayswater, assembled at her home on Monday evening of this week and tendered her a surprise in the form of a linen shower in honor of an event that is to take place about the end of the month. Many handsome and useful articles were received by the prospective bride and the evening was pleasantly spent. Refreshments were served, after which the visitors returned to their homes in Bayswater, Kennebecus Island and Long's Cove.

GETS DEER AND MOOSE

One of the most successful hunters in the vicinity of the city this season is Harold Gibbons, of Bayswater, proprietor of the Aldine Hotel. Although the shooting season is yet young he has already bagged a deer and a moose. The deer he shot on last Friday and the moose fell before his gun on Tuesday of this week. Both are said to be good specimens.
