

THE COLLIE AND THE POLICEMAN

This policeman who does "point" duty, on traffic direction, on one of Toronto's busiest corners, has recently had as his voluntary assistant, a tagless collie dog named "Spot," which regularly takes up

his station with the policeman at the intersection of the car tracks during the quietest hours of the day, and with remarkable agility dodges the cars. Nobody knows who owns the dog, or who the dog is, but he has become quite a landmark.

OFFICIAL OF STANDARD OIL IS DEAD AT PALM BEACH

James A. Moffet Succeeded to Department Controlled by H. H. Rogers

Palm Beach, Fla., Feb. 28.—James A. Moffet, vice president of the Standard Oil Company of New Jersey, is dead today after a brief illness. He was born in Parkersburg, W. Va.

Mr. Moffet was born in 1851. At 19 he took up the first step in his career, entering the oil business in Parkersburg, W. Va., in that city he remained for four years.

This was followed by six years with the Pratt Manufacturing Company of Brooklyn, during which period he was elected a member of the manufacturing committee of the Standard Oil Company. In 1880 he went to Chicago to take the presidency of the Standard Oil Company of Indiana, remaining in the west until 1901, when he went to New York to become active in the directorate of the Standard Oil Company of New Jersey, and a year later again took up the duties of the presidency of the Indiana Company.

For two years prior to the death of Henry H. Rogers Mr. Moffet, largely as a result of his time to the supervision of the Standard's transportation, a department in which Mr. Rogers was formerly personally active. In addition to the vice presidency of the Standard Oil Company he succeeded to a minority of the Standard's transportation, a department in which Mr. Rogers was formerly personally active.

In 1883 Mr. Moffet was married to Miss Kate Jackson. They have three children, two sons and a daughter. Mr. Moffet was a member of the Masonic order.

Fred Whitney, who lives near Wellsboro, Pa., though only 16 years old, is engaged in ministerial work, conducting regular preaching services at Stony Fork every Sunday morning and also filling other appointments.

His Name, Too, Was Horatio—Enjoyed \$25,000 Pension For Ancestor's Deeds

London, Feb. 28.—Horatio Nelson, DL, the third Earl Nelson, a grand-nephew of the celebrated English admiral of that name, is dead. The Earl was born on Aug. 7, 1820, so he was in his 90th year.

British taxpayers are still paying for Nelson's great naval victories and are likely to continue doing so for many years. Besides creating Lord Nelson's brother, a clergyman, a peer and purchasing a \$500,000 estate for him in Wiltshire, a grateful country conferred a perpetual pension of \$25,000 a year on the earl. For deeds wrought by his great uncle 100 years ago the late earl has drawn from the national treasury \$1,750,000. He possessed an estate of 7200 acres and a rental of nearly \$100,000 a year.

The Nelson pension was the last perpetual pension ever granted in England. The late earl succeeded his father in 1833. He married the oldest daughter of the Earl of Normanton, who died in 1864. They had two sons and two daughters. His life was uneventful. He was a commissioner of the Royal Patriotic Fund. His eldest son, Viscount Merton, was born on Dec. 21, 1857. Both the Earl and Viscount lived at Trafalgar House, Salisbury.

The first Horatio Nelson, who was a peer, was the victor at the Nile, in 1798; Copenhagen, 1801; and Trafalgar, 1805. He was godson of Horatio Walpole, Earl of Oxford, and the duke of Brograve in Sicily was conferred upon him.

Baron Nelson of the Nile and Hilborough in 1798, and Viscount Merton of Trafalgar and Merton in 1801. His brother was created earl in 1865.

Earl Nelson, owing to his great age, was known as "father" of the House of Lords. He lived in the mansion which the nation built on the estate purchased from the public funds and presented to the fortunate heirs of the admiral. He was educated at Eton and Trinity College, and was a member of the Carlton Club.

MAKE PREMIER'S SALARY \$5,000

This and Increase to U. N. B. Features of Provincial Budget—Bigger Revenue, Bigger Expenditure, Bigger Debt

Fredericton, N. B., Feb. 27.—Provincial Secretary McLeod took an hour this afternoon to make his budget speech, and the motion to go into supply was carried a few minutes later.

For the first time, it is said, in the history of New Brunswick there was no criticism of the financial statement of the government. The secretary's speech was delivered with vigor and was apparently a most conclusive answer to those critics who have been asserting that his health would not permit him to present the statement of his office.

His most important announcement was the substantial increase in salary of the premier, whose services after this will cost the province \$5,000 a year, instead of \$2,600.

This and the increase of \$2,000 in the grant to the university were the principal features of the budget speech. He spoke of the absence of the strong opposition of last year, and felt that because of this his presentation might be somewhat prosaic and lack its usual zest.

He figured that the net increase in the public debt in 1912 would only be \$44,000.70. The real increase was nearly \$200,000, but it was reduced by the payment for the Grand Falls power, the right of way of the Transcontinental, and other smaller amounts, so that the real increase in debt was only \$44,000.

As compared with this the increase in round numbers in 1908 was \$288,000; in 1909, \$217,000; in 1910, \$185,000; in 1911, \$246,000. Next year, however, because of the St. John Suspension, the Grand Falls and the Newcastle bridges, he promised that the debt would be largely increased.

He hinted at an additional sum for the large tract of government land at McDevney Junction for a manœuvre ground. The revenue of the province was not large enough yet, but they were increasing rapidly. They expected more from general license and the revenue from the provincial secretary's office were growing.

The increase in the interest charges he blamed the old government for, and yet in the next sentence he dwelt upon the high rates of interest being called for at present and the fact that there were over \$800,000 of treasury bills of New Brunswick afloat.

He touched briefly upon the school book question and the government's policy, intimating that he would even go as far as to free primary text books to the pupils in the public schools.

The importance of agriculture and the large expenditure of over \$100,000 this year including both provincial and federal grants, was also dwelt upon.

No cracks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys spit out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well.

A Symptom of Troubles Which are Removed by Dr. Morse's Indian Root Pills.

Sick headaches are not merely afflictions to be borne as patiently as possible—they are danger signals. They never come unless the digestive system is out of order, and their regular recurrence is proof positive of Indigestion, Biliousness or Constipation, and no amount of "headache powders" will do more than temporarily relieve them.

The only way to get rid of them entirely is to cure the Constipation or Indigestion that is causing them, and nothing will do this quicker or more effectively than Dr. Morse's Indian Root Pills.

Dr. Morse's Indian Root Pills are purely vegetable in character, and are free from any harmful drugs. For over fifty years they have been in constant use in Canada, and have proved most effective in regulating the bowels, aiding digestion, banishing sick headaches and restoring vigorous health.

NAVAL BILL PUT THROUGH HOUSE

On Second Reading Has Majority of 30—Stirring Speech by Sir Wilfrid Borden's Position Set Out

Ottawa, Feb. 28.—The naval bill was jammed through the house early this morning on second reading by a majority of 28. Sir Wilfrid Laurier made a stirring speech earnestly maintaining the rights of all Canadians to control their own affairs as a nation within the empire, to guard their own coast and trade routes, and to have a navy within the empire, and not a foreign policy, as compared with five foreign policies, and five scattered fleets of five different portions of the empire, which must then all go down individually to defeat.

Sir Wilfrid, Premier Borden and Hon. Mr. Borden were the speakers. The vote taken after 1 o'clock this morning concluded the second stage of the government's attempt to force the measure through. The second reading carried with the echoes of the two declarations from the leaders going out the door. "We call for a submission of the issue to the Canadian people," was the Liberal challenge through the leader. "We will force it through," was the government response, voiced by the premier.

Division on Mr. Guilbault's amendment to the amendment calling for the submission of the naval question by plebiscite to the people was supported by eleven votes, seven being Nationalist-Conservative and four Liberals. The Nationalists were Messrs. Achim, Boulay, Mondou, Lamarche, Barrette, Guilbault and Bellefleur. The Liberals were Messrs. Thompson, Provost, Turfitt and Lapointe. The figures of the division were 11 yes, 187 no.

Division on Mr. Turfitt's amendment calling for immediate redistribution to be followed by an appeal to the country on the naval issue was 81 yes, and 117 no, a government majority of 38. Four Nationalists, Messrs. Achim, Lamarche, Barrette and Guilbault voted for the amendment, and Col. McLean, Liberal, again voted with the government.

At 2 o'clock this morning the third division was taken on the second reading of the government bill. It carried by a vote of 114 to 84, a government majority of 30. "Coming down," cried the Liberals, amid cheering. The seven Nationalists voted against the government, and Colonel McLean again with it.
