FACE WAS LITERALLY COVERED WITH PIMPLES.

Four Different Doctors Did Her No Good.

Two Bottles of BURDOCK BLOOD BITTERS Cured Her.

Bad blood is directly the cause of the face breaking out in pimples, and it is impossible to eradicate them unless you put your blood into good shape.

BURDOCK BLOOD BITTERS is compounded from roots, herbs, barks and berries, and is without a doubt the best remedy procurable for the purpose of driving all the blood impurities out of the system.

Mr. Geo. E. Miller, Clavering, Ont., writes: "Last fall I was very much troubled with pimples. My face was literally covered with them. I went to four different doctors, but they could do me no good. One day a friend advised me to use BURDOCK BLOOD BITTERS, so I got two bottles, and before I had taken all the first one, the pimples had nearly all disappeared, and by the time I had taken all the second one the pimples had disappeared completely, thanks to BURDOCK BLOOD BITTERS. I would advise anybody who is troubled with any blood trouble to use BURDOCK BLOOD BITTERS."

Baby's Own Soap**Dr. McLaughlin's Talk About His Electric Belt**

Ever since the beginning of civilization, the man who made a new discovery or invention was jeered or laughed at. When Morse, the inventor of the telegraph, claimed that he had a means of transmitting messages by electricity, nearly everybody thought he was crazy.

Today people are almost as skeptical about any new invention as they were fifty years ago. When a doctor comes forward with a new remedy or a new method of curing disease, their first cry is, "show us." I can do it.

I have invented an electric body battery for the cure of chronic and nervous ailments, and for weakness in men and women. It gives vigor, health, new vitality to your blood, nerves, organs, or any other part of your body that may be weak.

My electric belt generates a powerful current of electricity, and can be made as strong or mild as you like, by the adjustment of a regulator.

Scientists tell us, and I have proven, that the motive power of the body is electricity. When you are full of it you are strong and healthy. When you lack it you are weak, stupid and nervous. Electricity cures by restoring to the body the power it has lost. When I say that electricity cures I don't ask you to take my word for it. I back up my statement with the testimony of hundreds of men and women who have been cured by my electric belt.

When your stomach, liver or digestive organs get out of order it is because they lack the necessary electricity to enable them to perform their natural functions. The breaking down of one of these organs nearly always causes other trouble. Nature can't cure them, because your body hasn't enough electricity to do the work, so you must assist nature by restoring this electricity where it is needed.

My Belt does this while you sleep. It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak. Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It removes the cause of the disease, and after the cause has been removed nature will do the rest.

If you are sceptical, all I ask is reasonable security for the price of the belt, and you can **PAY WHEN CURED**

Get my 80-page book, describing my treatment, and with it illustrations of fully developed men and women, showing how it is applied. This book tells in plain language many things you want to know, and gives a lot of good, wholesome advice for men.

If you can't send this book, I will send it to you by mail.

Dr. McLaughlin's Electric Belt is a powerful current of electricity, and can be made as strong or mild as you like, by the adjustment of a regulator.
