BRITISH CAPITALISTS ARE IN HALIFAX TODAY
(Special to Times)

Halifax, N. S., June 11—Halifax this morning extended a warm welcome to the visiting British capitalists, and the plans of sight-seeing and entertainment have so far been carried out most successfully.

The party left Moncton at midnight, and arrived in Halifax at twenty minutes past nine o'clock this morning. Having taken breakfast at Rockingham, they reached Halifax ready for the day's programme. At the depot, on the arrival of the train, a large number of representative business and professional men of the city had gathered, and a most hearty welcome was accorded the visitors. They were driven about the city in automobiles, visiting various manufacturing industries and schools. At one o'clock they were entertained at luncheon in the Halifax Hotel.

Mr. Palmer, the organizing director, and several members of the party expressed themselves as most delighted with the treatment accorded them since setting foot on Canadian soil, and agreeably surprised at the country, its accommodations and future prospects. Those who had never before visited Canada could scarcely find words to express their wonder at the advancement made by this British dominion, of which they had heard all too little.

After luncheon, the visitors were taken for a sail about the harbor. They will divide here, half leaving tonight for Sydney, the other half going through to Western Nova Scotia to join one another at Truro on Wednesday night. They will return through New Brunswick.

SUPREME COURT

Fredericton, June 11—(Special)—The June sittings of the supreme court opened this morning. A. McKay, of this city read an application to be re-admitted and re-sworn as an attorney of the court. Phinney, K. C., made the motion and read the petition and affidavit. The court referred the application to the Barriers' Society under rule 56 of that body.

In a case concerning lands in Carleton and York counties in which expropriation proceedings are being taken by the Eel River Light, Heat & Power Co., J. C. Hartley moved for injunction as to publication of notice of appropriation with the court. It was ordered that notice be advertised in the newspapers published in Carleton and York counties two months before September 1.

By consent of counsel the second case on the crown paper, the king vs. F. P. Matheson, police magistrate of Campbellton, was taken up by the court, arguing, but having it understood that this was not to be a precedent.

Wm. Murray showed cause against and for a second offense under the liquor license act; J. D. Phinney opposed. The court then adjourned until 10 a. m. tomorrow.

Government's Political Rush in Valley Railway Work—Fredericton Weddings

There are in all 331 candidates, twenty-seven are for Grammar school, ninety-one for first class, and 213 for second. The examinations will be concluded on Friday.

Relief operations are being carried on briskly at Douglas and Mitchell booms. About 300 men are employed.

The action of the York liberals in placing a ticket in the field has been the means of rousing work on the Valley railway. A procession of men and teams resembling a battery of field artillery paraded the streets of the city and finally started off in the direction of Kingsclear.

The wedding of C. Owen Stevens, of the public works department, St. John, to Miss Edna M. Smith, of this city, will take place in St. Paul's church here at six thirty o'clock tomorrow evening.

IMPOSSIBLE!
"Go on!" said Mrs. Malaprop, scornfully, when some one, read out from an evening paper: "Last year 19,340 working days were lost through labor disputes." "Go on!" ejaculated the excellent lady, "everybody knows that there are only 365 days in a year!"

OPTIMISTIC VIEW OF REAL ESTATE IN WINTER PORT CITY

"The people around here do not seem to recognize bargains when they see them," said Herbert P. Gordon of Winnipeg discussing the local real estate situation this morning. "I cannot profess to be acquainted with the local situation but from what I know of real estate in the west the prices at which lots around Courtenay Bay are being offered look very low at me. I would not be afraid to buy any of the lots on the market at the prices quoted. If the city shows any progress at all, as it must, the land around the city should be worth greatly higher prices. Compare the values with those of any of the western towns. You could not buy such lots at the same price in any western town of 2,000 population.

"Inside properties show the same difference in prices, properties in the business section selling for half the price or less, than they would bring in much smaller towns in the west. Anyone with sufficient confidence in the place to invest their money in St. John real estate should be able to make big profits within the next few years."

Mr. Gordon has just closed a large transaction in Winnipeg real estate. A syndicate which he organized purchased a quarter section which was advertised as the New Brunswick farm and almost before the first payment had been made he turned it over again at a substantial profit to the investor. He has another similar proposition in view. Since coming to St. John he has been so impressed with the opportunities here that he is considering opening a branch office in this city. Mr. Gordon is of the Main street and Leinster street Baptist churches here.

MRS. CHARLTON LOSES CASE

Mr. Justice Audette Finds She is Not Entitled to Damages in Suit Against I. C. R.

The case of Charlton vs the King has been decided against the plaintiff and the case dismissed. The plaintiff, Sarah Ann Charlton, brought suit against the government for \$10,000 for injuries alleged to have been caused by an I. C. R. train from which she was alighting, starting too soon after stopping at the Strathill crossing in the summer of 1910. She alleged having serious external and internal injuries by reason of which her health was seriously affected. Her statements were substantiated by the evidence of her physicians.

The case was tried recently before Mr. Justice Audette in the exchequer court here. E. T. C. Knowles, K. C., and Dr. L. A. Curry, K. C., appeared for the plaintiff and E. H. McAlpine, K. C. for the crown. Judgment was given in Ottawa yesterday Judge Audette dismissing the plaintiff's petition and finding that she was not entitled to any part of the damages sought.
