OLD TIME SKILL THE MOUND

World's Champions Are Still Trailing The Mackmen

NEW YORK, May 12-Walter Johnson, 38 years old hero in the rise of the Washington Americans to the world's championship, shows no sign of slipping in his 19th year as a major league pitcher.

Johnson yesterday pitched his 108th shutout, the White Sox falling victims to pitching skill which limited them to five scattered hits. Only two Chicago players were able to reach second base as hte club went down to a nine to

The New York Yankees started off with promise of their wind-up of the four game series with St. Louis by ing three runs in the opening in counting three runs in the opening in-ning, but the advantage was soon wiped out as the Browns rained hits all over the park, rapping six New York pitchers for 17 hits to win by 19 to 10.

THE NEW SERIES of "Baseball Simplified," which The Times-Star has secured from Billy Evans, the famous American League umpire, is an exceptionally good one and every fan in the city, young and old, should read carefully every insertion and then file them away for future reference. Every article brings out the proper procedure of some complicated play, worded in a terse manner, which can be thoroughly understood and remembered by all. The more a fan knows about the intricacies of baseball the better they will enjoy it. Many arguments arise on a ball field, which are absolutely uncalled for, largely due to ignorance of the rules on the part fo the players themselves. The majority of players and fans have only a fair knowledge of rules and they would do well to take advantage of this opportunity to learn some of the finer points of this popular summer pastime.

THERE ARE a good many turf enthusiasts in this city who are closely following the big classics being run in England. On Wednesday the Newmarket Stakes will be held and already there is considerable interest being manifested in

TY. COBB, the veteran of 21 seasons in the American League is certainly making some of the present day stars—so called look like novices. His terrific hitting last week sent him to the fore with a percentage of .500. He drove out five home runs in two games and brought his major league total up to 100. Ty. participated in 11 games, was at bat 42 times, scored 14 runs and made 21 hits. He also stole one base. That is certainly some auspicious start for an old timer. Earl Combs, of the Yankees is also burning up the younger organization with his sensational hitting. He participated in 16 games, was at bat 60 times, scored 8 runs and made 28 hits for a percentage of 467. Sisler is another player who deserves credit. He has hit consistently in 25 games and is batting better than .400. Old Tris Speaker is also in the select class with .377. Jack Fournier of the Robins is the leader in the National League. He is batting for .473. Hornsby is trailing him with .444.

ROTH MIKE McTIGUE and Paul Berlenbach are training for their bout on May 29, which is to be the feature event of the Milk Fund's annual outdoor carnival. It will be the first time Mike has taken a chance to lose his prec of light heavyweight champion in many a long day and it would be a good thing for the sport if he gets trimmed.

RILLIARD ENTHUSIASTS will be interested to learn that Bob Cannefax, three cushion champion, and Willie Hoppe, the balkline wizard have been matched for a return match. They will play best six out of eleven games on the block system of 50 points each, starting May 18. Cannefax has been smarting under the defeat administered by Hoppe some months ago and is eager to prove that he is entitled to the championship crown. On the other hand Hoppe likes

an easy six-round decision over Joe Jawson of Milwaukee in the main bout of the boxing card last night. Kansas forced the battle throughout. In the last two rounds Jawson attempted a rally, with only fair results. Kansas weighed 134 and Jawson 133.
