

A Household Word and a Necessity in Every Home

A good reliable cough remedy, such as **PARKE'S COUGH BALSAM** undoubtedly is, should be kept in every home. A slight cough or cold frequently leads to that

DREAD DISEASE

Consumption—a disease from whose relentless hand very homes escape. It is wise to take what precautions you can to prevent its getting a foothold.

Up to the present time **PARKE'S COUGH BALSAM** has proved the most successful remedy. This is owing principally to the healing balsam which it contains. When you take a dose you feel at once that there is something in it in any other medicine. You cannot explain it, but the result tells the tale.

WHAT SOME WHO HAVE USED IT SAY ABOUT IT.

THE BEST I EVER USED.

JOSEPH BARLOW, Tyenside, says:—I had a bad cough which settled right on my chest. I couldn't get anything to move it; tried several mixtures and all failed; after having been troubled for three or four months Mr. Parke recommended **PARKE'S COUGH BALSAM** and guaranteed it. Less than one bottle cured me. I gave some to my neighbors and it helped them.
