NINETEEN WILL DIE FOR ATTEMPTING MURDER

Wholesale Sentencing of Men Who Tried
to Kill Cabrera.

MEXICO CITY, Mexico, May 24.—News was received today of the imprisonment and sentencing to death of nineteen men charged with complicity in the recent attempt to assassinate President Cabrera, of Guatemala. The following telegram has been received from Dr. Rodriguez, Parra, the Mexican consul at Guatemala City, who is acting as chargé d'affaires since the departure of Minister Gamboa: "The authors of the plot to assassinate Cabrera committed suicide the day before yesterday while the Guatemalan official were in the act of arresting them. Despite this fact the council of war yesterday passed upon the testimony of nineteen persons charged with being suspected accomplices in the crime and sentenced all to death. Among the doomed are two Italians, one Spaniard, one Belgian and two Mexicans. "The diplomatic corps met today and decided that each minister accredited to the Guatemalan government should ask President Estrada Cabrera for an annulment of the sentences, which they allege, were the result of irregularities and false testimony; and if this action on their part does not bring immediate results the diplomatic corps will direct a collective strike. The strike will be held tomorrow. All the members of the corps were in accord with the decision reached. "The situation is considered by Mexican officers to be grave but there is a prevailing opinion that if the pressure from foreign powers becomes sufficiently great, Cabrera will pardon all the men doomed to death, thus endeavoring to nullify the stories of his alleged atrocities which have been sent broadcast."

ON SPEEDING TRAIN MAN HANGS HIMSELF

When Body Was Discovered Passengers
Were Panic-Stricken.

MOBILE, Ala., May 22.—While the passengers of the crowded smoking car of a Louisville and Nashville Railroad train slept early yesterday morning, John Hippo, believed to be a resident of Mendocino, Cal., committed suicide by hanging himself to the car track. The body was found by the train as it reached a small town seventy miles above Mobile. In Hippo's pocket was a ticket from New York to San Francisco. The sight almost caused a stampede among passengers who were suddenly awakened by the person finding the body.

HEIRS TO AN ENORMOUS ESTATE ARE MISSING

NEW YORK, May 25.—A despatch from Washington says: Arthur Delroy, an English barrister, who recently came to the United States to search for heirs to the famous de Golla estate in England, will soon return to report that his search has been in vain. As a result the bulk of the \$6,000,000 de Golla fortune will probably revert to the British crown. Mr. Delroy's mission to America disclosed that John Cook, a nephew of Mrs. Decola, died in the Government Hospital for the Insane here in 1900. His only living relative is his sister, Sarah Cook, of the Norfolk, Va. Hospital for the Insane, who is unable to enjoy any of the vast wealth in her own right. A sufficient number of witnesses to the hospital authorities for her support. John Cook's father came from England to this country many years ago, settled in Petersburg, Va., and rapidly built up a large jewelry business. He suddenly committed suicide and his daughter Sarah became insane. John Cook once had charge of the water works in Petersburg but came to Washington six or seven years ago and soon gave evidence of a rapidly weakening mind. He was finally arrested for vagrancy and sent to the insane asylum where he died.

CLAIMS TO BE WIFE OF ORONHYATEKHA

Mohawk Girl Brings Action Against the
Man Who, She Alleges,
Deserted Her.

NEW YORK, May 25.—Gaysenora, the "Fair Flower" of the Mohawk tribe, was the complainant in Yorkville court yesterday against Oronhyatekha, or "Bright Cloud," a full-blooded Mohawk. "Fair Flower" told Magistrate Finn she had been cast aside.

The prisoner whose full name is Dr. Zand Oronhyatekha, is a son of the doctor chief of the tribe, known best by his American name, "Peter Martin," who was the founder of the Independent Order of Foresters. The doctor was arrested at the Ashland House on a warrant sworn out by the complainant who says she is his wife and that her name is Mrs. Natalie Oronhyatekha.

When the woman applied for the warrant to Magistrate Finn she told him she was an English actress when, ten years ago, she met the man who she believed to be an Indian prince. He had no difficulty in persuading her in a short time to join the Mohawk tribe as his bride. They were married in London, England, she said, on April 22, 1897.

She told the magistrate that they were happy for many years, and he left her to go to America. Since then she had never seen him until yesterday.

The prisoner said he had been married to complainant, as alleged, but was divorced four years ago. The woman said she had never been served with papers in such a suit, and knew nothing about it. The doctor added that he had had a marriage agent, and his wife, who was Therese Henriette Hansen when he married her in South Dakota, was expecting to meet him in London, England, she said, on April 22, 1897.

Magistrate Finn adjourned the case until next Tuesday, paroling the prisoner in the custody of his counsel.

THE WELLMAN PARTY

PREPARING TO START

NEW YORK, May 25.—A despatch from London says—Walter Wellman left here yesterday for Norway in connection with the project to reach the North Pole in the airship America. All the members of the party will assemble at the ship on June 5 or 6, and the start for the Pole will probably be made between July 20 and August 10.

"Our first endeavor," said Mr. Wellman, "will be to reach the North Pole. Once there we shall return by whatever route is most favorable. You must not think we are over-confident of being successful. Far from it. I know so much about the nature of our expedition that I am almost half afraid of it."

Mr. Wellman's two daughters will reach Spitzbergen at the end of July on a tourist steamer. They will possibly be too late to see their father off. Major Hersey, of the United States Meteorological Department, will be one of the three men who will accompany Mr. Wellman.

BRITISH SOCIALISTS

WELCOME RUSSIANS

LONDON, May 25.—The Social Democrats of Great Britain last night welcomed their Russian comrades who have come to London for the purpose of holding a congress free of official interference, at the Holborn Town Hall. The surging crowds inside and outside the building soon resolved themselves into a great demonstration against an Anglo-Russian entente, and against the "Common Fox of Despotism and Repression." The meeting was a remarkable display of the international solidarity of the Social Democrats.

Henry Mayers Hyndman, the most prominent of the English Socialists, delivered an address in which he declared that the English Socialists were heart and soul with their Russian comrades and wished them complete victory against their "internal" enemies. One of the Russian delegates M. Mshkovsky, made the speech of the evening. He appealed to the British Socialists to start an agitation against the attempt that Sir Edward Grey, the Foreign Secretary, is now making to bring about an entente between Russia and Great Britain, which would enable English capital further to oppress the people of Russia.

"By the help of your trades unions," said M. Mshkovsky, "you will be able to force your government to refuse to Russia the gold with which to crush what the beginning of the Social revolution of the world." German, Polish, Lithuanian and Italian delegates spoke in the same strain. The speeches were punctuated by the singing of revolutionary hymns. The actual work of the Russian Social Democratic congress is proceeding slowly and the meetings are likely to last for another week.

LONDON, May 25.—The third of a series of elaborate entertainments which have marked the London season, was given at Dorchester House last night, when Ambassador and Mrs. Reid entertained at dinner the Duke and Duchess of Connaught, accompanied by Prince Arthur and Princess Patricia of Connaught. Ambassador and Mrs. Reid had a very distinguished company to meet their royal guests. Dorchester House was beautifully decorated, flowers being used in the greatest profusion. Around the marble pillars in the hallways were grouped potted plants of every variety, while the staircases and the reception rooms were tastefully decorated with pink roses and hydrangeas.

After dinner there was a small dance, and to this there came in many other guests, including Prince and Princess Christian of Denmark and their daughter, Princess Victoria. During the evening supper was served at small tables set out under a large marquee which had been erected over the terrace.
