MOFFAT'S VEGETABLE LIFE PILLS AND PHENIX BITTERS.—The universal estimation in which the celebrated Life Pils and Phenix Bitters are held, is satisfactorily demonstrated by the increasing demand for them in every State and section of the Union, and by the voluntary testmonials to their remarkable efficacy which are every where offered. It is not less from a deeply gratifying confidence that they are the means of extensive and institute of the properties of t mine them. In many cases they save more than the cost in rect and fuel.

If the save may speak more febrial eaction and feculent obstructions, as to produce a most delightful sense of convalesence in the morning; and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of hed-time will almost invariable effect upon fevers of a more acute and violent kind is not less sure and speedy if taken in proportionable quantity; and persons retiring to bed with inflammators symptoms of the most alarming kind, will warke with the gratifying consciousness that the flere enemy has been overthrown, and can easily be subdued. In the same way, visceral turgesence, though long established, and visceral inflammations, though long established, and relative to large doses of the Life Pills; and solao hysterical affections, hypocondinoism, restlessness, and very many other varieties of the Neuronical class of diseases, yield to the efficacy of the Paric Bitters. PILES, HAEMORRHOIDS. NO CURE NO PAY!!

HAYS LINIMENT. NO FICTION.—This extraordinary chemical composition the result of science and the invention of a celebrated medical man, the introducion of which to the public was invented with the solemity of a death-bed bequest, has since gained a reputation unpuralleled, fully austaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterify the benefit of his knowledge on this subject." And he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery. It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the carge of the Piles, and also so extensively and effectually as to bafile credulity, unless where its effects are witnessed. Externally in the following complaints:

ing theurishis access by relaxation of the parts, has been surprising beyond conception.—The common a termark of those who have used it in the Piles, is "I acts like a churu."

THE PILES.—The price is refunded to any person who will use a bottle of Hay's Limment for the Piles, and return the empty bottle without being cured.—These are the positive criters of the proprietor to the Agents, and out of many thousands soli, not one has been nesuccessful.

We might insert certificates to any length, but prefer that those who sell the article, should exhibit the original to purchasers.

CAUTION.—None can be gennine without a splendid engraved wrapper, on which is my name, and also that of the Agents.

SOLOMON HAYS.

Headache, Sick or Nervous. Headache, Sick or Nervous.

The extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is certainly a matter of much astonishment. That so much suffering should have existed for ages without any discovery of an teffectus preventive, or cure, is truly a subject of much regret, but Dr. S. now assures the public that such a remedy has been invented as will convince the most creditlous.—The principles upon which it acts are simple and plain. It is an admitted fact that this complaint, whether called Sick Headache, or Nervous Headache, arise sprimarily from the stomach—those who think they have the Nervous Headache may rest assured that this organ, the stomach, is the first cause, that the system has become vitiated or debilitated, through the stomach, and that only through the same claimel must they expect a restoration of the nature and healthy functions of the system. This object Dr. Spohn's remedy is eminently calculated to attain. The truth of this position cannot be controverted, and the sooner sufferers with the headache become convinced of it, the sooner will their sufferings end in restoration of health.—Dr. Spohn pledges his professional reputation on this fact.

BALDNESS.

A BEAUTIFUL HEAD OF HAIR A BEAUTIFUL HEAD OF HAIR, Is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and premoturely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jests and seners of their acquaintance; the remainder of their lives is consequently spent in retirement. In short, not even the loss of proerty fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, OLDRIDGE'S BALM OF COLUMBIA stops the hair from falling off on the first application, and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from seurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

DR. SCUDDER'S GENUINE ACOUSTIC OIL

This never-failing remedy has been used many years with distinguished success, at the Eye and Ear Infirmary of Dr. Scudder, and confidently recommended as an extraordinary and wonderful remedy for either partial or complete deafness in all its stages.

remedy for either partial or complete deafness in all its stages.

By the finely use of this pungent Oil, many who have been completely deaf have been restored to perfect hearing after using from three to ten flash.

This may appear strange, but it is nevertheless true. The Acoustic Oil is not presented to the public of the Strange and who peledges his professional reputation upon the success of this remedy.

Dr. Sendder has numerous certificates, but hesitates to publish them, as he considers them unnecessary to servely abable an article as the Acoustic Oil. Its immense sale is the fairest proof of the estimation in which it is held. It is presented as a public blessing, enabling the aged parent to mingle in conversation with his children, and to reply to their numerous questions with a facility from which had previously been debarred by a distressing partial or complete deafness.
