

and the due time came a most
gracious little note from the P. M. here -
self - But of these found it amusing -
So often I wonder how the Dickens
are and so often I am prompted to
send them a few lines, - but thus far
action has not followed thought.

So glad that like myself, you are
able to carry on - The Globe and Mail
in its last magazine did you find -

Kindest regards to Mrs. Meylan - An
gratulations for yourself is but a mild
word, but our long association will tell
the meaning of the word - The dinner
itself was a grand idea -

Sincerely yours

Adelaide H. Baylton.
