Ottawa, May 1. 1907.

Sir,-

Referring to your letter of the 6th March, last, I have to request you to send a rough sketch showing the size of the building required for the new Council house on Christian Island. Please show whether it is to be a one or two story building and show what rooms are required on each floor. The sketch is for the use of the Architect in order that he may have a general idea of what is required. It is understood that the building is to be of solid brick unless otherwise desired.

Your obedient servant

Secretary.

Thos. McGibbon, Esq.,

Indian Agent,
