

To do so, however, would be to continue the agony of uncertainty, pending Germany's development of her great military machine to proportion, in effectiveness, which would enable her to complete her plans for world domination both at sea and on land.

10. This leading to Canada and the U.S. becoming barons of desert, standards produced  
(See speech to Winnipeg Board of Trade).
11. Develop idea that the more quickly the American people can make known that they will never see Britain starved or destroyed knowing that it is the preservation of their own freedom, the more quickly will the war be ended and chaos averted.  
Re: Freedom - a word possibly about being a Freeman of London
12. A war of another two years may mean famine, pestilence and other horrors thus far undreamed of,
13. and then bring in: New World Order (See my speech introducing Willkie)  
  
Point out new order coming into being - the birth of a brotherhood of free men. This taking form in the declaration of the Atlantic.
14. A word re relations within the British Commonwealth. Assurance of completeness of means of communication, visit of 9 Ministers.
15. Conclusion: Word regarding Canada's forces in Britain; right to be sent anywhere; complete understanding between military and civil authorities.  
Re: Air Force - bring in poem by Gray.
16. Hospitality of British people; kindness to myself. Regret unable to make many speeches and to visit all parts.
