799-F-3

Dear Sir:-

Having reference to right-of-way across the Malahat Reserve for new ferry landing, would you find out what has transpired as regards monies to be paid the Indians in my last phone conversation with Mr. Phillips, Department Minister, he informed he feared that there was some hitch on the matter. It would be a pity to break faith with the Indians after I notified them that the matter was settled.

Yours obediently,
