

THE RAVANELS

By HARRIS DICKSON

With four illustrations by

SEYMOUR M. STONE

12mo. Cloth, \$1.50

A novel of cleverness, with a capital plot, surprising climaxes, and a love-story of unusual sweetness.

"The developments of the story are unexpected and very dramatic, the characters are drawn with much cleverness, and there is a love-story of unusual beauty."—*Nashville American*.

"The tragedy of the story is admirably mellowed with its pathos. The characters are skillfully drawn and a genuine depth of interest is aroused which never flags until the book ends, amid all its sorrows, with happiness and cheer."

—*New York Times*.

"No son or daughter of the South who loves her traditions and ideals can read 'The Ravanel's' inappreciatively. . . . Its thrilling climaxes and extraordinary situations hold the interest and stamp the work a success."
