

# Publications

---

Replete in every known device for the production of high-grade publications, we are in a unique position for catering to publishers. With a battery of sixteen Linotypes and Monotypes we are able to give a service which cannot be beaten. Our presses are of the highest order, perfect in register and speed. The folding machines and bindery equipment are of the latest type, so that you may rest assured that we can handle any class of publication or periodical with ease.

If you desire to produce a publication—something out of the beaten track—we feel sure that you will make no mistake if you bring it to the largest publishing house in the West.

Our printing has those qualities that are essential to success, because we give painstaking care to detail, because we have everything necessary in equipment for the work we do and the right people to do it. Ask who prints the high-grade publications.
