

BALDNESS.

A BEAUTIFUL HEAD OF HAIR is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to resort to being uncovered, and sometimes even shun society to avoid the jeers and sneers of their acquaintances; the remainder of their lives is consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these many-sent inconveniences, **OLDRIDGE'S BALM OF COLUMBIA** stops the hair from falling out in the most application and a few months restores it again. It likewise promotes the growth of whiskers; prevents the hair from turning gray, makes it curl beautifully, and prevents from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

Read the following:
ROBERT WHARTON, Esquire, late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentleman:
 The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling off of hair, but also as a certain restorative.

 Methodist Minister in St. George's charge, No. 84 North Fifth St.
JOHN P. ISLAMI, 331 Arch St.
JOHN D. THOMAS, M. D. 165 Race St.
JOHN S. FERRY, 101 Spruce St.
HUGH McCRAW, 213 North 7th St.
JOHN GAFF, Jr., 123 Arch St.
 It will certainly raise its virtues in the estimation of the public, when it is known that three of the above signers are more than 30 years of age, and the others not less than 30.

From the Mayor, Commonwealth of Pennsylvania, City of Philadelphia, }
I, ROBERT WHARTON, Mayor of said city of Philadelphia, do hereby certify that I am well acquainted with Messrs J. P. Irish, John S. Ferry, and Hugh McCraw, whose names are signed to the above certificate, that they are gentlemen of character and respectability, and as such, full credit should be given to the said certificate.
 In witness whereof, I have hereunto set my hand, and caused the seal of the city to be affixed, this sixth day of December, &c.
 (L. S.) **ROBERT WHARTON**, Mayor.

It is impossible to find room in this paper to present those proofs which are conclusive and convincing. They may be seen at length as below.
 The true article has a splendid engraved wrapper with agent's and proprietor's name, and may be had of

DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of **NERVOUS AND SICK HEAD ACHE**, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which might not only alleviate, but actually eradicate by the use of his remedy.
 It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste. To be had of

MORISON'S UNIVERSAL MEDICINE.

NOTICE.

The subscribers, general Agents for Morison's Pills, have appointed **WILLIAM WHITAKER**, Sub-Agent for the Upper Town, No. 27 St. John Street.
 That the public may be able to form some idea of Morison's Pills by their great consumption, the following calculation was made by Mr. WING, Clerk to the Stamp Office, St. George's Town, in a period of 26 years, (part only of the time that Morison's Pills have been before the public,) the number of stamps delivered for that medicine amounted to three million, nine hundred, and one thousand.
 The object in placing the foregoing before the public is to deduce therefrom the following powerful argument in favour of Mr. Morison's system and to which the public attention is directed, namely, that it was only by trying an innocuous purgative medicine to such an extent that the truth of the Hygienic system could possibly have been established. It is clear that all the medical men in England, or the world, put together, have not tried a system of vegetable purgation to the extent and in manner prescribed by the Hygienic. How, therefore, can they (much less individually) know any thing about the extent of its properties.
