## CEMENT — THE FARMERS' "HANDY-MAN"

**T**IME and again we have referred to the convenience and economic features of cement to the farmer and to anyone who is seeking first-rate building results at a minimum outlay of time, labor and money.

The number of uses to which concrete can be put cannot easily be tabulated, but many of them and the most important of these will occur to the reader. We have pleasure in directing attention to the request made by the Canada Cement Co. to any farmer contemplating the use of cement in any scheme of building or improvements to send for their new book on "What the Farmer Can Do With Concrete."

This is a wonderful production—it is absolutely free—and whether the farmer has any plans immediately in view or that he hopes to carry out later on, no time will be found so opportune as the present period of rest from many of his outdoor occupations to have the matter carefully studied and figured out. We refer our readers to the announcement on page 43 of this issue, and urge them to take advantage of the opportunity to get free the last word on concrete.

## "CANE MOLA" IN STOCK FOOD

**O**N another page will be found some particulars of "Cane Mola"—the latest, and said to be one of the most effective and economic preparations to be used with feed. We have seen a big stack of unsolicited testimonials from stockmen who have used the preparation in combination with their straw-pile, old hay, ensilage fodder and screenings, etc., and they all bear unqualified testimony to its value and to the readiness with which the live stock take to anything which has been "baited" with "Cane Mola."

Since it consists of 100 per cent pure sugar cane molasses, there need be no anxiety as to its partaking in any way of the nature of "dope" or a drug that might occasion trouble. It has been analyzed by the head chemist of the Central Experimental Farm at Ottawa. It is claimed that with the use of "Cane Mola" horses will winter at hard work better than under their old regime; cows will yield more milk; and hogs will gain healthy weight quickly. Judging from the testimonials we have seen, it seems that the claims made in its behalf have been fully substantiated.

Heck—Yes, I have met with your wife. In fact, I knew her before you married her. Peck—Ah, that's where you had the advantage of me—I didn't!

**TOGETHER WITH MANY MERCHANDISE PRIZES**

Herewith will be found the picture of a Log Hut in the Woods. At first glance all you see is a man, a woman and a dog. If you look closely the faces of 8 other persons will be found. Can you find them? It is no easy task but by patience and endurance can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with an X, cut out the picture and send it to us, together with a slip of paper on which you have written the words "I have found all the faces and marked them. Write these nine words plainly and neatly, as in case of ties, both writing and neatness are considered factors in this contest."

This may take up a little of your time but as TWO HUNDRED DOLLARS in cash and many merchandise prizes are given away, it is worth your time to take a little trouble over this matter. Remember all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."

**WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST**

Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Five Thousand Dollars in Cash Prizes from us, and full particulars of a simple condition that must be fulfilled. (This condition does not involve the spending of any of your money.)

Although these persons are entirely unknown to us, they are our references. An enquiry from any one of them will bring the information that our contestants are carried out with the utmost fairness and integrity.

Winners of cash prizes in our late competitions will not be allowed to enter this Contest. This Competition will be judged by two well known business men of undoubted integrity, who have no connection with this Company, whose decisions must be accepted as final.

Your opportunity to win a good round sum is equally as good as that of anyone else as all previous winners of cash prizes are debarred from entering this contest.
