Potato Spraying

Changed from a Big Job to a Small One

PROPER spraying may save you the cost of
acres of potatoes this year. Our sprayers
cut down both work and time, leaving you not a
reason in the world for taking a chance on bugs
and blight. It turns this big job into a little
one and leaves you extra time for other things
and for spraying oftener. You can have time
to spray to prevent bugs and early and late blight.

O-K SPRA

Here is without a doubt the surest,
most convenient and most dur-
able hand sprayer ever invented. It
is equipped with the "Efficiency" non-
clog nozzle, which has a thimble-shaped
strainer, and will keep in action longer
without attention than any other type.
Its shape prevents clogging.

Take a look at the curved lance. (See
picture.) It saves many a backache!

It lets you get the nozzle under the
leaves without bending your back.

The non-clog nozzle and curved lance
enable you to use the O-K Spra for trees,
shrubs, vines, bushes, or for disinfecting
barns and hen coops, or for applying oils
and washes to stock. Certainly no farmer
could be persuaded to give up its use
once he has had this all around handy
and effective sprayer in use.

O-K Canadian 2-row Sprayer

For small acreages it cer-
tainly is a surprising time saver.
It does the work as fast as you
could run a wheelbarrow over
your crop. It is used like a
wheelbarrow and is just as
easy to operate between rows.
If need be a horse can be used
for heavy ground. It sprays
two rows at a time and there
is no stopping for adjustments
once it is set for width of rows.
It throws out a fine plentiful
mist that reaches every fold or
surface on the plants, two rows
at once. The discharge pipe
can be detached for spraying
trees, etc. and may be adjusted
instantly for both height and
width of rows. Tank holds 10
gallons. Write for full particu-
lars.

O-K Canadian 2-row Sprayer

O-K Canadian 4-row Sprayer

Think of spraying an acre of
potatoes in twenty minutes!
It works like a charm even on
heaviest land, spraying effi-
ciently four rows at a time. One
horse pulls it easily and the
driver can watch every opera-
tion. There is easy access to
all controls. Write for booklet.

Time is Precious

If you leave off buying until
your busy time you might put
it off again—and lose far more
than the cost of the machine.
Write us for free literature with
full descriptions and valuable
information about bug poisons,
fungicides, etc. Let us tell you
how you can do your spraying
in quick time and how to mix
spraying materials.

Every Truck Farmer

needs a tillage tool that does fast thorough work with
one mule or horse. Experienced growers like the
"Acme" Pulverizing Harrow

because "the counters do the work." They cut, slice,
pulverize, and turn the soil twice in one operation.
Leave the soil level as a floor and "mellow" as
fresh ashes. There's an "Acme" to fit your
farm—1 horse to 4 horses. Send today for new free
