GIGANTIC ADVERTISING

Grand Trunk arranges Plans for Picture Exhibit.

TOUR COVERS TEN WEEKS.

Though the Grand Trunk Railway system carried over 30,000 tourists and sportsmen into one district of Canada's summer playgrounds last year, the Company is starting out this year with a vigorous policy of advertising to still further increase the influx of pleasure-sojourners who annually travel over this system.

The company has now decided to give the populace of some of the larger cities in the States of Ohio, Michigan, Indiana, Kentucky and Pennsylvania an opportunity of seeing the series of photographic views it had on exhibition at the Pan-American Exposition at Buffalo. There will be over 100 pictures in the collection, each measuring 3 feet 6 inches by 4 feet 2 inches, in addition to one of the finest collections of mounted fish that has ever been shown. The fish include specimens of black bass from the Highlands of Ontario, and dore and muskies from the St. Lawrence, landlocked salmon from their native waters, and other specimens of rare value. A representative of the Grand Trunk will accompany the exhibit, and the art gallery will be installed in the business portion of the cities visited. Thousands of copies of literature, describing the several regions to be advertised, will be distributed. The exhibit will open at Saginaw, Mich., March 10, and goes from there to Grand Rapids, thence south to several points in the other States.

The tour will occupy ten weeks, two days being allowed in each city.—Advt.

ISALEIGH GRANGE FARM,

J. N. GREENSHIELDS, Prop. o Danville, Que.

GOSSIP.

Mr. Henry Dudding, Ribby Grove, England, the noted Lincoln breeder, reports that up to date about 950 ewes have lambed out of 1,350 with most satisfactory results, the loss amongst ewes amounting to less than 1 per cent., which is very good, considering the busiest time was when the weather was snowy and frosty. The ewes have been well off for milk, and the small mortality amongst them is attributed to the fact that the turnip crop was a very small one, so that the flock has had but few roots carted to them on the grass all the winter, and a liberal supply of trough food. The lambs have come very good and strong, with about 25 per cent. twins now standing. The sires of some of the biggest and strongest lambs are Quarrington Prizewinner 4832, Mere Rister 6326, Biscathorpe Gordon 5992, Ribby Selection, and Ribby Expectant—the last two having won the championship at the great Yorkshire Show in 1901.

From the O. A. C. Review, we learn that important additions have recently been made, by purchase, to the purebred live stock at the College farm at Guelph. One of the latest additions is an imported Hereford bull calf, bred by Mr. John Price, "Courthouse," Pembroke, Herefordshire, England, one of the oldest and best known Hereford breeders in the Old Country. Being the choice of his herd, this animal was the highest-priced calf at Mr. Price's dispersion sale, fetching the sum of 120 guineas. He was selected by J. W. Barnett, herdsman for W. C. Edwards, Rockland, and formerly herdsman at the O. A. C. The Ayrshire herd has been strengthened by the addition of a fine yearling bull, imported in dam by Robert Reford, St. Anne's, Quebec. The Shorthorn herd has also been replenished by the purchase at the late Provincial sale at Guelph of the choice red yearling bull, King Edward, the highest-priced bull in the sale, contributed by Mr. Chas. Rankin, Wyebridge, Ont.; imported in dam by Mr. John Young, Tilbouries, Scotland; sired by Scottish Prince, of the favorite Princess Royall family, and bred by Mr. Duthie; dam Rothnick Rose, by Allan Gwynne, by the noted Star of Morning. A team of Clydesdales, weighing 3,200 pounds, has been added to the number of horses.

THE PERTH ABERDEEN-ANGUS BULL SALE.

Three hundred and sixty-eight bulls were entered for this sale, on Feb. 12th. The feature of the sale was the spirited demand for and the fine prices realized by the animals figuring in the name of that Nestor of Aberdeen-Angus breeders—Sir George Macpherson Grant, of Ballindalloch. All the "big" buyers seemed determined on securing some of the blood which has won such world-wide celebrity for the Ballindalloch cattle, and as a consequence the eight entries listed from that herd excited remarkably keen competition. For the first of them to make an appearance in the ring, Mr. Calder, of Newcastle, gave 200 guineas; Mr. George Grant, of Finlarrig, gave 150 guineas for the second; the third went to Mr. Cran, of Morlich, at 50 guineas; but the fourth, the much-admired bull, Evictor, which headed his class in the judging ring the previous day, Colonel Smith Grant, of Aucherochan, had to give 350 guineas ere he could claim him as his own. Another made 210 guineas, yet another 100 guineas, and the remaining pair 70 and 46 guineas, respectively, so that the net average for the lot worked out at £154—the best figure yet reached at these sales. Outside of the Ballindalloch lot, the only animal to run into three figures was the bull, Elmslie, with which Mr. Chalmers had won second prize the previous day; for this animal Sir George Macpherson Grant gave 210 guineas.

C. B. JEFFS' SHORTHORN SALE.

For Singers and Speakers.

The New Remedy for Catarrh is Very Valuable.

A Grand Rapids gentleman who represents a prominent manufacturing concern, and travels through Central and Southern Michigan, relates the following regarding the new catarrh cure. He says:

"After suffering from catarrh of the head, throat and stomach for several years, I heard of Stuart's Catarrh Tablets quite accidentally, and like everything else, I immediately bought a package, and was decidedly surprised at the immediate relief it afforded me, and still more to find a complete cure after several weeks' use."

"I have a little son who sings in a boys' choir in one of the prominent churches, and he is greatly troubled with hoarseness and throat weakness, and on my return home from a trip I gave him a few of the tablets one Sunday morning when he had complained of hoarseness. He was delighted with their effect, removing all huskiness in a few minutes, and making the voice clear and strong."

"As the tablets are very pleasant to the taste, I had no difficulty in persuading him to use them regularly. Our family physician told us they were an antiseptic preparation of undoubted merit, and that he himself had no hesitation in using and recommending Stuart's Catarrh Tablets for any form of catarrh."

"I have since met many public speakers and professional singers who used them constantly. A prominent Detroit lawyer told me that Stuart's Catarrh Tablets kept his throat in fine shape during the most trying weather, and that he had long since discarded the use of cheap lozenges and troches on the advice of his physician that they contained so much toxic, potash and opium as to render their use a danger to health."

"Stuart's Catarrh Tablets are large, pleasant-tasting lozenges, composed of catarrhal antiseptics, like red gum, blood root, etc., and sold by druggists everywhere at 50 cents for full treatment. They act upon the blood and mucous membrane, and their composition and remarkable success has won the approval of physicians, as well as thousands of sufferers from nasal catarrh, throat troubles and catarrh of the stomach."

How a Woman Paid Her Debts.

I am out of debt, thanks to the Dish-washer business. In the past three months I have made \$600.00 selling Dish-washers. I never saw anything sell so easily. Every family needs a Dish-washer, and will buy one when shown how beautifully it will wash and dry the family dishes in two minutes. I sell from my own house. Each Dish-washer sold brings me many orders. The dishes are washed without wetting the hands. That is why ladies want the Dish-washer. I give my experience for the benefit of any one who may wish to make money easy. I buy my Dish-washers from the Mound City Dish-Washer Co., St. Louis, Mo. Write them for particulars. They will start you in business in your own home. L. A. C.
