

The Most Modern Straight-Stay Fence

The Monarch is the most modern stiff-stay fence, because it is made by the most modern machinery. This most modern machinery makes a fence with absolutely **no long or no short wires** in it. Every strand is of **even length**. **Every stay stands perfectly plumb** when the fence is stretched up. This most modern machinery enables us to apply a lock (shown in illustration) which holds the stays **securely** in place **without unduly kinking** either the strand or stay-wires. Full details about this superior Monarch stiff-stay fence are contained in our free catalogue. If you are going to do any fencing within the next year you should certainly have a copy **NOW** in order to study the Monarch construction and compare it with others. **We also make a handsome line of Gates.**

THE DILLON HINGE-STAY FENCE

The Dillon has been on the market many years, and is known to be the **only complete Hinge-Stay** in Canada. The Hinge-Stay **prevents** the fence from becoming disfigured when people climb over it or your cattle press down on it. Our free catalogue explains why. Write for it and get posted. You will be fencing-money in pocket if you do. No **extra charge** for the **hinge-stay**. And, remember this: Dillon Fence is manufactured in either **heavy** or **medium** weight, and is made of **extra quality** wire.

MONARCH STIFF STAY FENCE

Social Uses of Rural Telephones.

Suppose you didn't have a telephone and wanted to get up an impromptu party, in the country, what would you do?

You would have to hitch up your horse, early in the afternoon, and drive for miles around to your different friends. After this drive you would be so fatigued in the evening that you wouldn't want to see your friends.

How differently this party could be arranged if you had a telephone.

In less than half an hour, you could ring up your friends, living miles away, and invite them to come, without trouble or fatigue.

More than ninety per cent. of the rural telephones used in this country are manufactured by us.

A post card with your address will bring you further particulars about them, with cost of installing, etc.

You can build and operate your own telephone line.
